## COUNCIL COMMUNICATION

TO: City Council

FROM: City Manager

MEETING DATE: December 3, 1986

SUBJECT: Adopt Resolution Approving Application for Grant Funds Under Community Parklands Act of 1986

K-4

RECOMMENDED ACTION: That the City Council adopt a resolution approving application for grant funds under the Community Parklands Act of 1986.

BACKGROUND INFORMATION: Described below are four projects that the Parks Department feels have merit and meet the requirements for grant funds. Although the total project estimate is more than the \$117,000 allocated to the City of Lodi, it is felt that local service groups may contribute much of the labor costs. Also, the State has allocated the funding to allow local agencies to complete as many of the projects as funding will allow.

Project 1 - Lawrence Park Sprinkler Rehabilitation

This project will replace the old quick coupler system and hand watering done at this 3.5 acre site with an automatic sprinkler system.

Project Estimate = \$39,000

Project 2 - Armory Softball Park Sprinkler Rehabilitation

This project will replace hand watering done at this 2.3 acre site with an automatic sprinkler system.

Project Estimate = \$26,900

Project 3 - Tot Lot & Play Area Equipment for Beckman, Lawrence, Van Buskirk, and Emerson Parks

This project will provide for new playground equipment at the parks mentioned above.

Project Estimate = \$60,000

Project 4 - Group Picnic Facilities for Graves, Beckman, English Oaks, and Blakely Parks

This project will provide for the purchase and installation of picnic and barbeque equipment for the parks mentioned above.

Project Estimate = \$43,800

Total Cost Estimate = \$169,700

Dear Mr. Williamson:

California Parklands Act of 1986  
Allocation & Application Instructions

A review of the eligibility of all local government units to receive Proposition 43 grant funds has been completed and the allocated amounts to each eligible city, county and special district has been set according to provisions of the Bond Act.

The full allocation, under this grant program, to your jurisdiction is \$117,000.

To apply for your funds, fill in the application and project summary forms attached and have your governing body authorize the application for grant funds. Use the sample resolution attached. The application deadline for funds available to you in Fiscal Year 1987/88 is December 12, 1986. Additional information on individual projects will be requested of you within the next few months. Such information will be outlined in a procedural guide that will be sent to you soon. You should bear in mind the following:

1. Grant funds may be expended only for land acquisition, development or rehabilitation of park, recreation or historical facilities. Operation and maintenance expenditures are not authorized.
2. Funding is available for a three-year period. Commencing in 1990-1991, any unencumbered funds in your allocation are subject to appropriation by the Legislature for projects of highest priority statewide. Small and mid-size agencies may wish to apply for all of their funds in a single year; large agencies with a commensurately large allocation may wish to schedule their applications and projects over the three-year period.
3. Annual grant appropriations are included in the Budget Bill and are acted upon by the Legislature. The Governor's Budget will publish the amount allocated to each jurisdiction (amount you request for a given year).
4. All grant funds are subject to audit. Keep accurate records in a separate account.

The staff of the Department of Parks and Recreation looks forward to working with you and assisting whenever possible in making this grant program function smoothly and effectively. Please contact the Office of Grants Administration at the address or phone number shown above if you need assistance.

Sincerely,

*Wm. S. Briner*

APPLICATION AND PROJECT SUMMARY FORM FOR FISCAL YEAR 1987/1988  
 Anticipated Grant Requests for Fiscal Years 1988/89 and 1989/90

Community Parklands Act of 1986

Grant funds under this program are budgeted by agency, not individual project. The amount of grant funds to be appropriated to your agency each fiscal year will depend upon your estimate of the amount needed to complete acquisition or development for each of the projects you list. You may request your total program allocation in a single year or have it budgeted over a two or three-year period, as long as each individual project listed is \$20,000 or more. Please complete the following:

## ASSURANCES

1. The grant recipient hereby gives assurance and certifies with respect to the grant that:

It possesses legal authority to apply for the grant, and to finance, acquire and construct the proposed project; that a resolution, motion or similar action has been duly adopted as an official act of the applicant's governing body, authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

2. It understands that grant funds must be appropriated by the State Legislature before costs can be incurred against the grant.
3. It will cause work on the project to be commenced within three years of appropriation and agrees to make the property to be acquired or developed open to use by the public by the DATE SPECIFIED IN THE AGREEMENT WHICH WILL NOT BE MORE THAN THREE YEARS AFTER THE DATE UPON WHICH THE PROJECT WAS APPROVED BY THE STATE.
4. It will provide and maintain competent and adequate architectural/engineering supervision and inspection at the construction site to insure that the completed work conforms with the plans and specifications; that it will furnish progress reports and such other information as the State may require.
5. It will give the State's authorized representative access to and the right to examine all records, books, papers or documents related to the grant.
6. It will not dispose of or encumber its title or other interests in the site and facilities without permission from the State Legislature.
7. For each individual project listed on the front of this form, it will submit appropriate California Environmental Quality Act documents, a project information form, cost estimates for development projects, an acquisition schedule for acquisition projects, site and location map and appropriate engineering and/or acquisition certifications. [This information must be submitted before grant funds are disbursed.]
8. In cases involving leased property, it agrees to maintain and operate the property and/or facilities acquired or developed for an agreed to period commensurate with the type of project and the proportion of State grant funds and local funds allocated to the capital costs of the project.
