COUNCIL COMMUNICATION

TO: City Council

Project Data

FROM: City Manager

Approved in F.Y. Budget: 1984

DATE: December 13, 1984

Fund: Federal Revenue Sharing

Amount Budgeted: \$120,000

SUBJECT: Lodi Lake Storm Drain Outfall

Total Project Estimate: \$80,000

Bid Opening Date: December 12, 1984

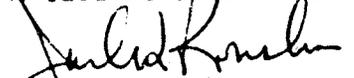

RECOMMENDED ACTION: That the City Council award the contract for the above project to Teichert Construction Company in the amount of \$67,782.00.

BACKGROUND INFORMATION: This project includes the installation of an additional storm drain outfall along the west bank of Lodi Lake. The present pump station outfall is near the swim area and is a nuisance when in use. The proposed outfall will carry all the discharge except during major storms when excess flow will divert to the present outfall. This should pose no problem since the swim area should not be in use during those times. Plans and specifications for this project were approved on October 3, 1984. Bids on the original project were rejected in favor of redesigning the project to reduce the cost. The redesigned project is approximately \$24,000 less expensive.

The City has received the following 10 bids for this project:

<u>NAME OF BIDDER</u>	<u>LOCATION</u>	<u>AMOUNT OF BID</u>
Teichert Construction	Stockton	\$67,782.00
Claude C. Wood Co.	Lodi	\$69,787.00
