COMMUNICATIONS

RATE INCREASE
APPLIED FOR BY
LODI AMBULANCE
SERVICE

City Clerk Reimche presented a letter which had been received from the Lodi Ambulance Service, Inc. stating that due to rising costs of supplies and overhead, Lodi Ambulance Service has done a cost projection for 1979 and deem it necessary to apply for an increase to their Company rate structure. A schedule of the proposed rate increase was presented for Council's perusal.

City Clerk Reimche reminded the Council that Section 2A-3 of the City Code provides that--"such rates shall not be changed or modified in any manner without first filing the changed or modified rates with the City Council thirty days prior to the effective date of such change or modification". Further, the City Code provides that the City Council reserves the right to finally determine and fix, by resolution, the rates to be charged by the operator of the ambulance service.

LETTER REC'D FROM
CITY ATTORNEY
ANNOUNCING HIS
RETIREMENT

The City Clerk presented a letter from City Attorney Robert H. Mullen announcing his retirement effective as of July 31, 1979 and urging that his successor be retained on a full-time basis.

PETITION RE NOISE
ORDINANCE REFERRED
TO PLANNING
COMMISSION

The City Clerk presented a letter from the Community Development Director apprising that at its meeting of Monday, March 7, 1979, the City Council received a petition requesting "a law prohibiting avoidable land noises in general". The request has been interpreted to mean the adoption of a Noise Ordinance. The Council was reminded that some years ago the Community Development Department prepared a Noise Ordinance based on the League of California Cities Model. Following discussion, on motion of Councilman Katnich, Katzakian second, Council referred the matter to the Planning Commission for review and recommendation.

ZONING PETITION
REFERRED TO STAFF
FOR CLARIFICATION

The City Clerk presented a letter from the Community Development Director apprising that at its meeting of Wednesday, March 7, 1979, the City Council received a petition requesting that the area bounded by Louie Avenue, Pleasant Avenue, Daisy Avenue and California Street be rezoned from R-MD, Medium Density Multiple Family Residential to "a zone which is existing or may be created that limits the number of new dwelling units permitted on any one lot of 9,000 square feet to a maximum of two dwelling units per lot". The petition was accompanied by a letter signed by Mr. Lawrence Wilson asking that the Council waive all fees in connection with this request. Since the City's Zoning Ordinance does not contain a classification which is even close to the one described, besides rezoning the property the Council will be required to adopt a new zoning district. The fees estimated to accomplish the petitioner's request are \$980.00. Council was also informed that Staff has determined that if the subject area was rezoned as requested in the petition eight non-conforming uses would be required, with two other ones possible. The new zone would also restrict the development of additional apartment structures in the area.

Following discussion with questions being directed to Staff, Council, on motion of Councilman Hughes, Katnich second, directed the Community Development Director to contact the petitioners regarding the subject petition to ascertain precisely what they wished to accomplish with their Petition and asked Mr. Schroeder to report back to the City Council at a future meeting on his findings.

ROSE SENT TO
SUPERVISOR FONDSE
ON CRITICISM OF AIR
RESOURCES BOARD

Mayor Pinkerton directed that a rose be sent to Supervisor Adrian Fondse as a token of praise of his criticism of the Air Resources Board on its recent Staff Report on the San Joaquin Air Pollution Control Plan which it termed "inadequate". Knowing that the preparation of the Plan involved many hours of work by elected officials, private citizens and local government employees, Mayor Pinkerton expressed his belief that Supervisor Fondse's criticism was justified.
