Customers must file an application requesting an Economic Development Rate (EDR) discount prior to taking electric service for the qualified new or expanded load.

**INDUSTRIAL BUSINESSES**

QUALIFYING CUSTOMERS:

An industrial customer is one who operates facilities that are not involved in the sale of goods and services directly to the public as determined by the Electric Utility Department (EUD).

BASE DISCOUNT:

The Base Discount shall equal ten percent (10%) of the electric bill associated with the qualified new or expanded load. The Base Discount shall not apply to the Solar Surcharge, CEC fee, State Energy Tax, or any other assessment or charge levied on electric bills after the effective date of this rate schedule unless specifically provided otherwise. (Note: The EDR is not available for G I customers.)

JOBS CREATION DISCOUNT:

An EDR qualified customer may receive an additional five percent (5%) discount of the electric bill associated with the qualified new or expanded load if they create a minimum of 25 new jobs (G2 customers) or 50 new jobs (G3, G4, G5, and I1 customers). If the new job count associated with qualified new or expanded load falls below this level in any given month, no Jobs Creation Discount shall be applied for that month. The Jobs Creation Discount shall not apply to the Solar Surcharge, CEC fee, State Energy Tax, or any other assessment or charge levied on electric bills after the effective date of this rate schedule unless specifically provided otherwise.

ENERGY EFFICIENCY DISCOUNT:

An EDR qualified customer may receive an additional five percent (5%) discount of the electric bill associated with the qualified new or expanded load if the new facilities constructed for the new or expanded load are awarded a Silver or higher "Leadership in Energy and Environmental Design" (LEED) designation. Following receipt of the applicable LEED certification, the additional discount shall become effective for the remainder of the EDR period.

I1	200 KW

Customer must provide information satisfactory to EUD regarding the planned size of the new or expanded load. The new or expanded load eligible for an EDR shall be separately metered. If a customer's discounted load level falls below the applicable minimum level in any given month, no discount shall be applied for that month.

**LOAD FACTOR:**

Customer shall maintain a monthly load factor of at least forty-five percent (45%) for the load receiving a discount. If the load factor falls below this level in any given month, no discount shall be applied for that month.

**SCHEDULE I1 AMENDMENT**

On the effective date of this Schedule EDR, the provision of the I1 Rate Schedule providing for a ten percent (10%) discount in electric rates for 12 months if a customer adds 200 KW or more of electric load, shall be null and void.

**“GREEN” TECHNOLOG BUSINESSES**
