

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Public Hearing to consider approving the request of Joseph K. Handel to amend Planned Development No. 17 to include on-sale alcohol as a permitted use in addition to the C-S zone at the existing development, located at 116 West Turner Road.

MEETING DATE: September 3, 1997

PREPARED BY: Community Development Director

RECOMMENDED ACTION: Staff is recommending that the City Council approve the request of Joseph K. Handel to amend Planned Development No. 17 to include on-sale alcohol as a permitted use with a Use Permit, in addition to the C-S zone at the existing development located at 116 West Turner Road. Such an amendment would permit a bar as a legal use at this location subject to obtaining a Use Permit from the Planning Commission.

BACKGROUND INFORMATION: To summarize, the applicant wants to continue operating a pre-existing neighborhood bar at 116 West Turner Road in the Rivergate Plaza Shopping Center. At the same time, the applicant is proposing to add approximately 1,100 square-feet of space to accommodate pool tables, darts, and games, as well as a kitchen, enabling them to serve an occasional buffet meal to customers. Further details of the proposal can be found in the attached staff report to the Commission and are not being duplicated here.

The Planning Commission, at its meeting of July 28, 1997, was asked to approve an amendment to PD 17 allowing on-sale alcohol as a permitted use. The motion which was ultimately passed on a 5 to 2 vote, was to recommend to the City Council that the amendment be approved with the caveat that such uses be subject to a Use Permit. This means that if the amendment is approved by the City Council, the applicant will be required to, again, return before the Commission for a Use Permit. Both staff and the Commission are in agreement on this condition; therefore, staff is recommending approval of the amendment.

FUNDING: No funding required.

Public Hearing

Request of Joseph K. Handel to amend Planned Development No. 17 (PD 17) to include on-sale alcohol as a permitted use in addition to the C-S zone at the existing development located at 116 West Turner Road. Associate Planner Veerkamp, presented the matter to the Planning Commission. The request for a change in the zoning designation would allow an existing neighborhood bar to legally operate within PD 17 and add approximately 800 square-feet to the already existing 1,200 square-foot space. Other businesses that currently occupy the business center include; a pizza restaurant; photography studio; florist; and a mini-market and gas station. The existing bar once known as the "Buckstop" opened in 1980 and had continually been in business until recently. However, on-sale alcohol is not currently a permitted use within PD 17, which means that the bar had been operating illegally for at least 16 years. In the past, the Buckstop has operated trouble-free and is meeting a neighborhood need. Staff was recommending approval.

Hearing opened to the Public

Joseph Handel, 1826 W. Kettleman Lane, Lodi. Mr. Handel mentioned that the new owners of the bar were adding an additional 800 square-feet so that they could add pool tables and games to their establishment. The bar has been closed for about six weeks due to financial problems experienced by the previous owners. He stated that the new owners were versed in the gaming and bar/restaurant aspects of running a business.

Hearing closed to the Public

Commissioner Marzolf questioned what the consequences might be to the City should the request be approved. Deputy City Attorney Luebberke replied that the past situation would have to be researched to see how it was originally established. He mentioned that since the bar had been in operation for years without incident, it may be a difficult case to pursue. However, once the bar is closed and reopened under new ownership, it would give the City the opportunity to re-evaluate the legality of the bar.

The Planning Commission, on motion of Commissioner Marzolf, Schmidt second, to recommend to the City Council that the request be denied. **The motion failed.**

The Planning Commission, on motion of Commissioner Borelli, Stafford second, to recommend to the City Council that the request be approved. **The motion failed.**

The Planning Commission, on motion of Chairman Rasmussen, McGladdery second, to recommend to City Council that a revocable Use Permit be issued to this particular zone to include on-sale alcohol as a permitted use.

Joe Handel came forward and stated that the bar currently exists even though its use was never legally allowed. He pointed out that no one had shown up to oppose the matter and questioned staff about the 6-month window period for Use Permits.

The current owner of the bar addressed the Planning Commission. She stated that they had already done extensive remodeling to the existing building. She mentioned that the place was "classy" and they were hoping to cater to the surrounding area. She felt that there would not be any future problems with the bar.

The Planning Commission, on motion of Chairman Rasmussen, McGladdery second, to recommend to City Council that a revocable Use Permit be issued to this particular zone to include on-sale alcohol as a permitted use.

**MEMORANDUM, City of Lodi, Community Development
Department**

To: Planning Commission
From: Community Development Department
Date: July 28, 1997
Subject: Request of Joseph K. Handel to amend Planned Development No. 17 to include on-sale alcohol as a permitted use in addition to the C-S zone at the existing development located at 116 West Turner Road.

SUMMARY

The proposal is to amend Planned Development No. 17 to change the permitted uses to include on-sale alcohol (i.e. a bar). The applicant is desirous of expanding the operations of a neighborhood bar at 116 West Turner Road in the Rivergate Plaza Shopping Center. The change in zoning designation will allow this use to legally operate and add approximately 1,100 square feet to the existing 800 square-foot space. A separating wall will be removed to join the two spaces. New to the business will be pool tables, darts, games, as well as a kitchen which will facilitate serving an occasional buffet meal to customers.

BACKGROUND

Planned Development No. 17, known as Sanguinetti Park was approved by the City Council in the summer of 1978. Properties along the Turner Road frontage between Church Street and Sacramento Street are designated to conform to the Commercial Shopping (CS) zone. Some of the uses within the center are a pizza restaurant, a photography studio, a florist, a mini market and gas station, as well as what used to be known as the Buckstop Bar. Unlike other zoning designations, any use which the City Council deems appropriate may be permitted within a planned development.

According to the applicant, the Buckstop first opened in the summer of 1980 and has been open continually since that time until just recently. However, on-sale alcohol is not currently a permitted use within PD 17, which means that the bar has been operating illegally according to the zoning code. Staff is unaware how this use was initiated some 15 years ago.

ANALYSIS

After consulting with the Lodi Police Department, staff has discovered that the Buckstop has been operated in the past with very few problems. In light of the fact that the bar has been in operation from anywhere between 12 and 15 years relatively trouble free, and that it is apparently meeting a neighborhood need, staff feels it is an appropriate use both in its previous incarnation and with the new addition.

RECOMMENDATION

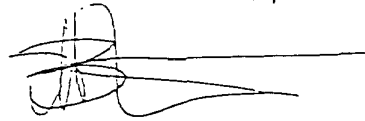

Staff recommends that the Planning Commission send a recommendation to the City Council to approve the request of Joseph K. Handel to amend Planned Development No. 17 to include on-sale alcohol as a permitted use in addition to the C-S zone at 116 West Turner Road, including the proposed additional square footage, subject to the attached Resolution.
