COUNCIL COMMUNICATION

AGENDA TITLE: Set a Public Hearing for April 19, 2000, to Consider a Resolution Establishing an Area of Benefit and Reimbursable Costs for Turner Road Street Improvements

MEETING DATE: April 5, 2000

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council set a public hearing for April 19, 2000, to consider a resolution establishing an area of benefit and reimbursable costs for Turner Road street improvements fronting the Bridgetowne development.

BACKGROUND INFORMATION: In order to expedite the completion of the Turner Road street widening and repairs from Lower Sacramento Road west to the Woodbridge Irrigation District (WID) canal, the Turner Road work required as a condition of development for the Bridgetowne, Units 2 and 4, and Towne Ranch, Units 5 and 7, developments was completed with the Towne Ranch, Unit No. 7 project. These improvements were accepted by Council on October 20, 1999.

The City reimbursed the developer of the Towne Ranch project for the cost of the street improvements fronting the Bridgetowne projects. Reimbursement for the street improvements for Bridgetowne, Unit 2 will be collected under the terms of an addendum to the improvement agreement approved by Council on February 2, 2000, for that project which is under construction and nearing completion. The Bridgetowne, Unit 4 project (APN 015-230-43), however, has not progressed past the tentative map stage. The subdivision boundaries and limits of the street work for this project are shown on Exhibit A. The developer, Mr. A. Fred Baker, was billed for the cost of the street improvements on October 13, 1999, and advised that the City would seek reimbursement in conformance with LMC §16.40, Reimbursement for Construction, if payment was not made by December 31, 1999. Payment has not been received and Mr. Baker has advised staff that he does not wish to pay for the improvements until the time of development.

Staff recommends that Council set a public hearing to establish an area of benefit and reimbursable costs in conformance with LMC §16.40, Reimbursement for Construction, for reimbursement to the City for the cost of improvements in Turner Road which benefit the Bridgetowne, Unit No. 4 project site (APN 015-230-43) as shown on Exhibits A and B.
