

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Set Public Hearing for August 16, 2000, to Consider Electric Residential and Commercial Rate Changes

MEETING DATE: August 2, 2000

PREPARED BY: Electric Utility Director

RECOMMENDED ACTION: That the City Council set a public hearing for August 16, 2000, and by ordinance approves the attached Electric Rate Schedules to be effective October 1, 2000:

1. Electric Rate Schedule EE, Residential All Electric Service
2. Electric Rate Schedule ED, Residential SHARE Program Service
3. Electric Rate Schedule EF, Residential All Electric SHARE Program Service
4. Electric Rate Schedule EM, Mobile Home Park Service
5. Electric Rate Schedule G1, General Service – Group 1 Commercial/Industrial
6. Electric Rate Schedule G2, General Service – Group 2 Commercial/Industrial
7. Rule and Regulation No. 19, Supply to Separate Premises and Resale
8. Rule and Regulation Appendix

BACKGROUND INFORMATION: The proposed rate schedule changes are in response to customer requests, legislative issues and Electric Utility Department concerns about competitiveness.

The City of Lodi has not had an "All Electric Service" Rate, because in the past the regular residential rate schedule was competitive with other utilities' "all electric" rates; this is no longer the case. This will be a self-certifying program.

The City of Lodi started a Low-Income Discount program for electric service on November 1, 1991. The current Low-Income program has a ten-percent discount for those customers who qualify for SSI/SSP.

The proposed changes are:

- a) Change the name of the program from Low-Income Discount to SHARE (Single Household Alternative Rate for Energy);
- b) Increase the discount from ten to twenty percent; and
- c) Expand the qualification for the program from just SSI/SSP to a maximum income level per household. This will be a self-certifying program.

In addition, the current mobile home park master-metered customers receive a Distribution Service Payment of \$8.13 per number of spaces wired for service. The changes to the mobile home park master-metered rate changes the payment to a discount on the bill, incorporates the All Electric Service and

SHARE programs as described above, and institutes a minimum charge for this rate. The changes from payment to discount also require deletion of language from Rule 19, Page No. 19-3 and to the Appendix Page No. A-1.

Lastly, an Economic Development and Benefits program was instituted for small (G1), medium (G2) commercial customers and for certain qualifying non-profit commercial customers on December 1, 1996. This program provided various discounts for new business in the City of Lodi. These discounts for new customers were in effect through June 30, 2000. This proposal would extend the Economic Development program through September 30, 2002, and apply to new business that establish electric service with the City of Lodi on and after July 1, 2000. The discount would be effective the first practicable billing after the customers eligibility has been approved. There is no retroactive application for the discount. The prior discount expired on June 30, 2000. There is no proposed change to the Community Benefits Incentive Discount.

The fiscal impact on increased revenues to the City of Lodi is estimated to be:

	Minimum	Maximum
SHARE	\$50,000	\$100,000
All Electric	\$ -0-	\$ 20,000
Economic Development	\$ -0-	\$ 30,000

Funding for the SHARE program will be part of the Residential Public Benefits Program. A decrease in electric revenues resulting from customers exercising the All Electric or Economic Development option was anticipated and reflected in forecasted budget revenues.

PURCHASED POWER ADJUSTMENT (PPCA):

A purchased power cost adjustment may be included in each bill for service. The adjustment shall be the product of the total kilowatt-hours (kWh) for which the bill is rendered times the adjustment amount per kWh. The adjustment amount per kWh will reflect amounts charged the City of Lodi by various suppliers of bulk power not covered in the above rates.

BILLING CYCLE CHARGE (MONTHLY BILL):

The Billing Cycle Charge is the higher of the Minimum Charge or the sum of the Customer Charge, Energy Charge, Discount and PPCA.

SPECIAL CONDITIONS:

- (a) This rate is available only for mobile home park master metering in service prior to March 31, 1989.
- (b) It is the responsibility of the master-metered customer to notify the City Finance Department within 15 days following any change in the number of occupied mobile home park units wired for service.
- (c) Miscellaneous electric loads such as general lighting, laundry rooms, general maintenance, and other similar use incidental to the operation of the premises as a multi-family accommodation will be considered domestic use.
- (d) An additional first block medical quantity is available as described in Schedule MR, Residential Medical Rider.
- (e) To qualify for Single Household Alternative Rate for Energy (SHARE) the sub-metered tenants of the master-metered City of Lodi Customer will submit an application, including the tenant's unit number, to the City of Lodi Finance Department. The City of Lodi Finance Department will notify the master-metered Customer of the tenant's certification.
- (f) Self-Certification will be used to determine income eligibility for the SHARE program. Sub-metered tenants of the master metered City of Lodi Customer must sign a statement upon

application indicating that the City of Lodi may verify the sub-metered tenant's eligibility at any time. The master-metered Customer, not the City of Lodi, is responsible for extending the SHARE program to tenants certified to receive them. If verification establishes that the SHARE tenant is ineligible, the tenant will be removed from the master-metered Customer's qualified tenants and the City of Lodi may render corrective billings.

- (g) The master-metered Customer shall not bill any sub-metered tenant more than that tenant would be billed if that tenant were an individual customer of the City of Lodi. For a qualifying SHARE tenant, the master-metered Customer should bill the qualifying tenant at the applicable rates equivalent to Schedule ED, Residential SHARE Program Service or Schedule EF, Residential All Electric SHARE Program Discount Service. A non-qualifying tenant should be billed at the applicable rates equivalent to Schedule EA, Residential Service or Schedule EE, Residential All Electric Service.

SCHEDULE G1

GENERAL SERVICE - GROUP 1 COMMERCIAL/INDUSTRIAL

APPLICABILITY

This schedule is applicable to single-phase or three-phase service, or to a combination thereof, whose energy consumption does not exceed 8,000 kilowatt-hours (kWh) per billing cycle for three consecutive billing cycles. This schedule is not available for service when another commercial/industrial schedule is applicable.

Assignment to Schedule: If, in the judgement of the City, an account is expected to have usage below 8,000 kWh per billing cycle, the City has the option of placing the account immediately on this schedule.

When an account billed on this schedule permanently changes the nature of electrical operations to such an extent that the account would in time qualify for another rate schedule, such billing change will be made as soon as practicable after customer notification and verification of said changes.

If energy consumption equals or exceeds 8,000 kWh for three consecutive billing cycles, the City will transfer the account to the appropriate rate schedule. If the demand reaches or exceeds 400 kW for three consecutive billing cycles, the account will be transferred to the appropriate rate schedule.

RATES:

Customer Charge: (per meter per billing cycle)

Single-Phase Service	\$ 7.00
Three-Phase or Combination Service.....	\$10.35

Energy Charge: (per kWh)

Summer (May1 through October 31) 12967
Winter (November 1 through April 30) 08889

PURCHASED POWER ADJUSTMENT (PPCA):

A purchased power cost adjustment may be included in each bill for service. The adjustment shall be the product of the total kilowatt-hours (kWh) for which the bill is rendered times the adjustment amount per kWh. The adjustment amount per kWh will reflect amounts charged the City by various suppliers of bulk power not covered in the above rates.

SCHEDULE G1

GENERAL SERVICE - GROUP 1 COMMERCIAL/INDUSTRIAL

COMMERCIAL DEVELOPMENT INCENTIVE DISCOUNT:

G1-Commercial/Industrial customers establishing accounts in the City of Lodi on or after July 1, 2000, are eligible for the following discount on Energy charges:

October 1, 2000 - September 30, 2002..... 5%

It is the customer's responsibility to notify the Finance Department of this eligibility. Discounts will not be retroactive and will be applied with the first practicable bill after qualification verification.

This discount may not be used in conjunction with any other incentive discount.

CORE AREA ECONOMIC INCENTIVE DISCOUNT:

G1-Commercial/Industrial customers establishing accounts in the Core Area of the Central City Revitalization Area on or after July 1, 2000, are eligible for the following discounts on Energy charges:

October 1, 2000 - September 30, 2002..... 10%

It is the customer's responsibility to notify the Finance Department of this eligibility. Discounts will not be retroactive and will be applied with the first practicable bill after qualification verification.

This discount may not be used in conjunction with any other incentive discount.

COMMUNITY BENEFITS INCENTIVE DISCOUNT:

G1-Non-profit (as defined in Federal Internal Revenue 501 (c) (3)) Industrial/Commercial customers who are currently receiving Federal Community Development Block Grant funds or have received such funds not more than two years before preparation of the current billing cycle charge are eligible for the following discount on Energy charges:

July 1, 1996 and after 30%

It is the customer's responsibility to notify the Finance Department of this eligibility. Discounts will be applied retroactively back to either the account start date or, the effective date of this schedule, whichever is later.

This discount may not be used in conjunction with any other incentive discount.

SCHEDULE G1

BILLING CYCLE CHARGE (MONTHLY BILL):

The billing cycle charge is the sum of the Customer Charge, Energy Charge and PPCA.

CITY OF LODI

ELECTRIC UTILITY DEPARTMENT

SCHEDULE G2

GENERAL SERVICE - GROUP 2 COMMERCIAL/INDUSTRIAL

APPLICABILITY:

This schedule will be applied to accounts with energy consumption in excess of 8,000 kilowatt-hours (kWh) per billing cycle for three consecutive billing cycles. This schedule is not available for service when another commercial/industrial schedule is applicable.

Billing Demand: The billing demand in any billing cycles will be the maximum average power taken during any metering interval in the period, but not less than the diversified resistance welder load. (The customary metering interval is 15 minutes; in cases where the use of energy is intermittent or subject to violent fluctuations, a 5-minute interval may be used.)

Assignment to Schedule: If, in the judgement of the City, an account is expected to have usage above 8,000 kWh per billing cycle, the City has the option of placing the account immediately on this schedule.

When an account billed on this schedule permanently changes the nature of electrical operations to such an extent that the account would in time qualify for another rate schedule, such billing change will be made as soon as practicable after customer notification and verification of said changes

If energy consumption drops below 8,000 kWh and remains there for 12 consecutive billing cycles, the City will transfer the account to the appropriate schedule. If the billing demand reaches or exceeds 400 kW for three consecutive billing cycles, the account will be transferred to the appropriate rate schedule as soon as practicable.

6. a. Mobile home parks for which submetering was permitted prior to March 31, 1989, and for which electric service is included in the facilities furnished to their tenants, may employ metering equipment as a means of retroactively adjusting rental charges for energy consumption, provided that the portion of such charges allocable to electricity may not exceed the rates the City would charge if it served the tenants directly.
- b. Expansion of submetering systems in service as of March 31, 1989 will only be permitted in the case of minor rearrangement of pads within an existing mobile home park. Development of land even though contiguous to an existing mobile home park shall not qualify for expansion of an existing submetering system. The City will serve each such pad directly at the park operator's/owner's expense.

E. Master Meters and Submetering Systems

Master meters and submetering systems are not permitted except for those in service as of March 31, 1989 and by exception "D5" above.

F. Testing of Submeters

As a condition of service for submetering, where electric energy is furnished in accordance with "D6" above, customers using submeters as a basis for charges for electricity shall submit to the City certification by a meter testing laboratory, satisfactory to the City, as to the accuracy of the submeters upon request of the City. As a further condition of service for submetering, the customer shall agree that he/she will be governed by the City's Rule No 18, Meter Tests and Adjustment of Bills for Meter Error. As a further condition of service for submetering, the customer shall agree that the City may inspect and examine customer's billing procedures from time to time to determine that such service is made in accordance with this rule.
