## COUNCIL COMMUNICATION

**AGENDA TITLE:** Consider the Planning Commission's Recommendation that the City Council Amend Chapter 17.60 of the Lodi Municipal Code by Adding a New Section Thereto Relating to Parking in Front and Side Yard Setbacks.

**MEETING DATE:** May 3, 1995

**PREPARED BY:** Community Development Director

**RECOMMENDED ACTION:** that the City Council conduct a public hearing to consider the Planning Commission's recommendation that the City Council amend Chapter 17.60 of the Lodi Municipal Code by adding a new section thereto relating to parking in front and side yard Setbacks.

**BACKGROUND INFORMATION:** Code Enforcement Officer Leland Schmiedt indicated to the City Attorney's office that he needed a tool to keep people from parking in landscaped areas in street and street side yard areas. He indicated that this was a problem that the "Ugly" Ordinance did not address, and that it was a major problem, especially in the eastside residential areas.

The City Attorney's office prepared the amendment which was the subject of a Planning Commission public hearing on March 13, 1995. At that time the Commission returned the proposal to the City Attorney for changes. Specifically, the Planning Commission wanted to restrict the amount of yard area that could be paved. The ordinance has been changed to accommodate the request and limits the paved area to 45% of a street or street side yard. The Planning Commission recommended the amendment to the City Council at its meeting of March 27, 1995.
