# COUNCIL COMMUNICATION

AGENDA TITLE: Set Public Hearing for April 3, 1991 to Amend Chapter 13.12 (Sewer Connection Fees) of the Lodi Municipal Code

MEETING DATE: March 20, 1991

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council set a public hearing for April 3, 1991 to discuss recommended changes of the Lodi Municipal Code related to sewer connection fees in the downtown area.

BACKGROUND INFORMATION: As directed by the City Council at the March 6, 1991 meeting, staff is preparing a revision to Municipal Code Chapter 13.12, affecting sewage connection fees in the downtown area.

The revision to the ordinance will specify that the area involved is co-extensive with the United Downtown Assessment District Beautification Project (UDID) boundaries and will place a two-unit cap on connection fees. Details regarding "water intensive" uses are still being worked on.

Specifically, the proposed ordinance will create a "Downtown Business District" and differentiate connection fees for certain businesses within the District. Commercial uses moving into, or relocating or expanding within the District would be subject to a sewer connection fee not to exceed that for two SSU's, as calculated by the criteria found in the Chapter. Periodic (monthly or yearly) charges would still be based on the number of SSU's the business would have paid if it had located outside the District. The draft ordinance will apply only to permitted commercial uses consistent with the zoning and does not include industrial or nonconforming uses.

Legislative findings, in order to legally justify differential treatment of similar users located in different parts of the City will be included.

FUNDING: None required.
