

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Conduct Public Hearing to consider the Planning Commission's recommendation of approval of the request of Gary E. Hansen, Don and Nancy Miller, and J. Jeffrey Kirst for an Annexation, General Plan Amendment and Rezoning at 13669 North Cherokee Lane; 1443, 4071, 4145 and 4219 East Harney Lane. The request also includes a recommendation to certify Negative Declaration ND-02-11 as adequate environmental documentation for this project

MEETING DATE: May 21, 2003

PREPARED BY: Community Development Director

RECOMMENDED ACTION: That the City Council approve the Planning Commission's recommendation of approval of the request of Gary E. Hansen, Don and Nancy Miller, and J. Jeffrey Kirst for an Annexation, General Plan Amendment and Rezoning at 13669 North Cherokee Lane; 1443, 4071, 4145 and 4219 East Harney Lane.

That the City Council also approves the recommendation to certify Negative Declaration ND-02-11 as adequate environmental documentation for the project.

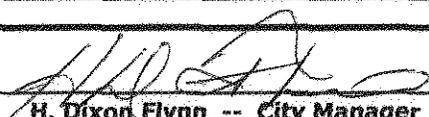

BACKGROUND INFORMATION: The Planning Commission at its Public Hearing of April 9, 2003 reviewed and approved the recommendations of staff for a recommendation of approval of the requested actions above to the City Council. At this meeting staff explained that the request included two separate project areas and three requests. The first was the annexation, general plan amendment, and rezoning of the Hansen/Miller Properties (Southeast Gateway Annexation) at the southeast corner of Lodi. The second was the general plan amendment and rezoning of the Kirst property, which fronts Harney Lane just west of Mills Avenue. It is important to note the Kirst property had already been annexed by the Local Agency Formation Commission (LAFCO) as part of the previously reviewed and approved, Lackyard Annexation.

The Planning Commission found that the Southeast Gateway Annexation will add 18.21 acres of land to the City for the purpose of development under the general plan land use designation of MDR, Medium Density Residential and zoning classification of R-MD, Residential Medium Density. These land use and zoning classifications allow the development of attached or detached residences at a density no greater than 20 dwelling units per acre.

The Planning Commission also considered that the Kirst property is already within the City Limits, but without a general plan or zoning designation that allow for development. The property is 1.23-acres in size and will develop under the general plan designation of LDR, Low Density Residential and zoning of R-2, single family residential. The Planning Commission found that these designations are consistent with the surrounding land north of Harney Lane, which will develop as homes at a density of up to 7-units per acre. The Planning Commission approved resolutions P.C. 03-05 and 06 finding the recommended zoning changes and general plan amendments for both of the project sites to be consistent with the General Plan.

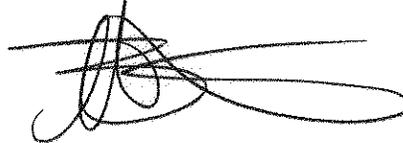

The California Environmental Quality Act requires that projects be reviewed for their potential to create environmental impacts. The process requires that potential areas of impact are identified and a level of significance assessed. The Southeast Gateway project area was found to have impacts that may be found significant if not mitigated. Statements and specific mitigations are provided in the attached mitigated negative declaration (ND-03-

APPROVED: _____

H. Dixon Flynn -- City Manager

11), which has been reviewed by the Planning Commission and found to adequately address and mitigate potential environmental impacts. The property of the Kirst general plan amendment and prezone has been reviewed in Negative Declaration ND-02-04 that was certified by the Planning Commission and City Council during the Lackyard Annexation hearings.

FUNDING: None required

MEMORANDUM, City of Lodi, Community Development Department

To: Planning Commission
From: Community Development Department
Date: April 9, 2003
Subject: The request of Gary E. Hansen, Don and Nancy Miller, and J. Jeffrey Kirst for the Planning Commission's recommendation of approval to the City Council for an Annexation, General Plan Amendment and Rezoning for 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane. The request also includes a recommendation that the City Council certify Negative Declaration ND-02-11 as adequate environmental documentation for this project.

SUMMARY

This public hearing review item includes three separate parts:

1. The annexation, general plan amendment, and rezoning of the Hansen/Miller Properties at the southeast corner of Lodi;
2. The recommendation that the City Council certify Negative Declaration ND-02-11 as adequate environmental documentation for number one;
3. The general plan amendment and rezoning of the Kirst property, which fronts Harney Lane just west of Mills Avenue. This property has already been annexed by the Local Agency Formation Commission (LAFCO) as part of the previously reviewed and approved, Lackyard Annexation.

The property of the Kirst general plan amendment and rezoning has been reviewed in Negative Declaration ND-02-04 that was certified by the Planning Commission and City Council during the Lackyard Annexation hearings.

The Southeast Gateway Annexation will add 18.21 acres of land to the City for the purpose of development under the general plan land use designation of MDR, Medium Density Residential and zoning classification of R-MD, Residential Medium Density. These land use and zoning classifications allow the development of attached or detached residences at a density no greater than 20 dwelling units per acre.

The Kirst property is within the City Limits, but without a general plan or zoning designation that allow for development. The property is 1.23-acres in size and will develop under the general plan designation of LDR, Low Density Residential and zoning of R-2, single family residential. These designations are consistent with the surrounding land, and ensure that the property can be integrated into future developments. Single-family zoning allows residential development up to 7-units per acre (See Vicinity Map).

BACKGROUND

The City's General Plan is required by State Law to provide information and analysis of seven different aspects of development; these aspects are referred to as elements. The required elements include Land Use, Circulation, Housing, Conservation, Open Space, Noise, and Safety. The City's General Plan includes these required elements and has added Growth Management and Urban Design and Cultural Resources. Each element of the General Plan is required to be equally weighted, integrated, internally consistent, and compatible. The three relative elements to the annexation process are the Land Use Element, which in this case is being amended to establish a permanent designation, the Growth Management Element, which provided direction leading to the establishment of the City's Growth Management Ordinance, and the Housing Element with the goal to provide a range of housing types and densities.

When Lodi's General Plan was adopted by the City Council in 1991 the subject properties were designated in the Land Use Element to be PR, Planned Residential. The City's Growth Management Ordinance was also adopted in 1991. This ordinance has designated the Southwest Gateway properties with a Priority Area 1 status and the Kirst property as Priority Area 2. The priority areas are established based on a land areas ability to connect to existing utilities and its adjacency to existing or planned development. There are three levels of priority, one being the highest and three being the lowest.

ANALYSIS

The General Plan defines PR, Planned Residential as follows: "This designation provides for single family detached and attached homes, secondary residential units, multifamily residential units, parks, open space, public and quasi-public uses, and similar and compatible uses and is applied to largely undeveloped areas in the unincorporated area of the GP." Planned Residential is anticipated to be re-designated during the annexation process. Staff finds that the proposed MDR, Medium Density Residential and LDR, Low Density Residential amendments are consistent with PR as defined. In addition, we find that the subsequent zoning designations of R-MD, residential medium density and R-2, Single Family Residential are consistent with the proposed General Plan land use designations.

Residential Medium Density (R-MD) zoning at the Southeast Gateway properties is an important proposal for the City. This is an opportunity for the City to move toward the primary goal of the City's Housing Element, to balance housing types and densities. Staff finds that this is an ideal location being near a developing elementary school and park to the northwest, and for its easy access to a major thoroughfare and highway to the south and east. Staff also finds medium density zoning provides more homes on less land, and provides an opportunity for a variety of housing types for varied incomes. These are basic planning principles that help slow the conversion of agricultural land into urban uses, and help the City meet its fair share of the regional housing needs mandated by the State of California.

The City's Growth Management Ordinance requires staff to appropriately time the annexation of new land for residential development; staff finds the Southwest Gateway project area request is appropriate. This land has been designated Priority Area 1 and is adjacent to existing development on the north and west sides. Given that the City has developed within priority area 2 for many years and is near to developing in priority area 3, the land of the Southwest Gateway project area is prime for development.

Annexation is the first step in the development process for this land. The Planning Commission will have the opportunity to review the development of the project site in detail when application is made for growth management development plan review and building permit allocation request, and subsequently during tentative subdivision map review. The soonest the City can accept an application for a growth management development plan review and allocation is May of 2003. Typically, the development plans are approved and allocated November of the same year, and the tentative subdivision maps are approved early the following year. With the typical time frame, the earliest staff would expect this site to develop is around the middle of 2004.

As far as the Kirst property is concerned, the proposed zoning to R-2, Single Family Residential is the only zoning that makes sense. The property is a single parcel in an area that is committed to the development of single-family residences. During the annexation, general plan amendment and rezoning of this area under the Lackyard Annexation, this property was left out because staff was unable to reach the property owner. Jeff Kirst subsequently purchased the property and petitioned LAFCO to include the property in the annexation. LAFCO agreed with the condition that the property obtain the necessary general plan designation and zoning. The Kirst property is merely catching up with the actions that should have taken place as part of the Lackyard Annexation.

The California Environmental Quality Act (CEQA) requires that projects be reviewed for their potential to create environmental impacts. The process requires that potential areas of impact are identified and a level of significance assessed. This project was found to have no significant impacts. Statements to attest to this are provided in the attached negative declaration. Staff finds that the attached negative declaration (ND-02-11) is adequate environmental documentation for the project.

Staff finds that the proposed annexation is a logical extension of the City's boundary. The project area is contiguous to the existing City limits and the City has anticipated annexing the land from the County as evidenced by its PR, Planned Residential General Plan land use designation; furthermore, the City has planned and is prepared to provide services to these areas.

RECOMMENDATION

Staff recommends that the Planning Commission recommend a three-part approval to the City Council:

- 1) Approve the request of Gary E. Hansen, Don and Nancy Miller for their requested Annexation, General Plan Amendment, and Rezoning for the Southeast Gateway Addition to Lodi;
- 2) Approve the request of J. Jeffrey Kirst for his requested General Plan Amendment and Rezoning; and
- 3) Certify Negative Declaration ND-02-11 as adequate environmental documentation for the project. The recommendations shall be subject to the conditions listed in the attached resolutions.

ALTERNATIVE PLANNING COMMISSION ACTIONS

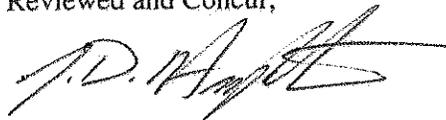

- Approve the Requests with Alternate Conditions
- Deny the Requests
- Continue the Requests

Respectfully Submitted,

Mark Meissner

**CITY OF LODI
PLANNING COMMISSION
Staff Report**

MEETING DATE: April 9, 2003

APPLICATION NO'S: Annexation: AX-02-03
Rezone No. Z-02-06
General Plan Amendment, GPA-LU-02-06.

REQUEST: The request of Gary E. Hansen, Don and Nancy Miller, and J. Jeffrey Kirst for the Planning Commission's recommendation of approval to the City Council for an Annexation, General Plan Amendment and Rezoning for 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane. The request also includes a recommendation that the City Council certify Negative Declaration ND-02-11 as adequate environmental documentation for this project.

LOCATIONS: 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane. Assessor's Parcel Numbers: 062-290-17, 38, 37, & 14; and 058-230-17 (See Vicinity Maps)

APPLICANTS:	Gary E. Hansen P.O. Box 2095 Saratoga, CA 95070	Don & Nancy Miller 4071 East Harney Lane Lodi, CA 95240	J. Jeffrey Kirst P.O. Box 1259 Woodbridge, CA 95258
--------------------	---	---	---

OWNERS:	Parcel (062-290-17) Same as above.	Parcel (062-290-14, 37, 38) Same as above.	Parcel (058-230-17) Awnallah Ali Mossed 1443 East Harney Lane Lodi, CA 95242
----------------	---------------------------------------	---	---

Site Characteristics: The Gary Hansen/Neuschaffer property (062-290-17) is a 10.28-acre lot on the northwest corner of the intersection of Harney Lane and Cherokee Lane. This property is mostly unimproved with a small rural residence and accessory building at the northeast corner of the parcel. The property is contiguous to the existing City of Lodi city limits to the north.

The Miller's properties (062-290-14, 37, & 38) are contiguous parcels to each other and the Neuschaffer property and contain a total of 7.93 acres. Parcel 14 is a 0.67-acre rural residence fronting Harney lane with no immediate adjacency to the City. Parcel 37 is a 6.57-acre wholesale nursery and cherry orchard fronting Harney Lane and is adjacent to the City on its west and north boundaries. Parcel 38 is a 0.69-acre rural residence fronting Harney lane adjacent to the City on its west boundary.

The Jeff Kirst/Mossed property (058-230-17) is about 1.7-miles west of the Miller and Neuschaffer property. This parcel contains 1.23-acres with the northern half as vineyard and with a rural residence fronting Harney lane. This parcel was a last minute addition to the Lackyard Annexation approved by the Planning Commission and City Council in the later part of 2002, and the Local Agency Formation Commission (LAFCO) early this year. LAFCO has conditioned this property's annexation with the City's approval of a General Plan amendment and rezoning.

General Plan Designation: All Properties: PR, Planned Residential (City); RL, Residential Low Density (County)

Zoning Designation: All Properties: AU-20, Agricultural Urban Reserve (County)

Property Size: Five parcels totaling 19.44-acres.

Adjacent Zoning and Land Use:

North: All Properties: R-2, Single Family Residential.

South: All Properties: AU-20, Agricultural Urban Reserve (County)

East: Kirst/Awnallah: R-2, Single Family Residential.
Neuschaffer & Miller: Hwy. 99.

West: All Properties: R-2, Single Family Residential.

Neighborhood Characteristics:

Neuschaffer & Miller: These properties are within San Joaquin County and are generally located north of a vineyard across Harney Lane, south of the existing Richard's Ranch single-family residential subdivision in the City, east of the Thayer Ranch single-family residential subdivision in the City and Stockton Street, and west of Cherokee Lane and Highway 99.

Kirst/Awnallah: This property is in the process of being annexed as part of the Lackyard Annexation, which includes four other properties essentially surrounding this one. The adjacent properties are made up of rural residences fronting Harney Lane, a small vineyard, and otherwise mostly vacant land. At some point in the future, these properties are intended to develop as single-family residences as is dictated by their R-2 zoning.

ENVIRONMENTAL ASSESSMENTS:

Negative Declaration ND-02-11 has been prepared in accordance with CEQA. This document adequately addresses possible adverse environmental effects of this project. No significant impacts are anticipated. Negative Declaration ND-02-04 was previously reviewed and certified by the Planning Commission under resolutions PC-02-34 & 35 to be adequate environmental documentation for the subject actions on 1443 East Harney Lane (058-230-17).

PUBLIC HEARING NOTICE:

Legal Notice for the Annexation, General Plan, Amendment, and Prezone was published on March 1, 2003. A total of 75 notices were sent to all property owners of record within a 300-foot radius of the subject property.

RECOMMENDATION:

Staff recommends that the Planning Commission recommend a three-part approval to the City Council:

- 1) Approve the request of Gary E. Hansen, Don and Nancy Miller for their requested Annexation, General Plan Amendment, and Prezoning of the Southeast Gateway Addition to Lodi;
- 2) Approve the request of J. Jeffrey Kirst for his requested General Plan Amendment and Prezoning; and
- 3) Certify Negative Declaration ND-02-11 as adequate environmental documentation for the project. The recommendations shall be subject to the conditions listed in the attached resolutions.

ALTERNATIVE PLANNING COMMISSION ACTIONS:

- Approve the Requests with Alternate Conditions
- Deny the Requests
- Continue the Requests

RESOLUTION NO. P.C. 03-__

**A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LODI
RECOMMENDING APPROVAL OF THE REQUESTS OF GARY E. HANSEN, DON AND NANCY
MILLER, AND J. JEFFREY KIRST FOR GENERAL PLAN LAND USE AMENDMENT 02-06 TO
THE LODI CITY COUNCIL.**

WHEREAS, the Planning Commission of the City of Lodi has heretofore held a duly noticed public hearing, as required by law, on the requested General Plan Land Use Amendment in accordance with the Government Code and Lodi Municipal Code Chapter 17.84, Amendments;

WHEREAS, the properties are located at 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane (062-290-14, 17, 37, 38 & 058-230-17);

WHEREAS, 13669 North Cherokee Lane is a 10.28-acre parcel, contiguous to the City Limits on its northern boundary, and contains a small rural residence and accessory building at the northeast corner of the parcel;

WHEREAS, 4071 East Harney Lane is a 0.69-acre rural residence fronting Harney lane adjacent to the City on its west boundary;

WHEREAS, 4145 East Harney Lane is a 6.57-acre wholesale nursery and cherry orchard fronting Harney Lane and is adjacent to the City on its west and north boundaries;

WHEREAS, 4219 East Harney Lane is a 0.67-acre rural residence fronting Harney lane with no immediate adjacency to the City;

WHEREAS, 1443 East Harney Lane is a 1.23-acre parcel with the northern half as vineyard and with a rural residence fronting Harney lane;

WHEREAS, the project proponents are Gary E. Hansen, P.O. Box 2095, Saratoga, CA 95070; Don & Nancy Miller, 4071 East Harney Lane, Lodi, CA 95240 & J. Jeffrey Kirst, P.O. Box 1259, Woodbridge, CA 95258;

WHEREAS, Negative Declaration File No. ND-02-11 has been prepared in compliance with the California Environmental Quality Act of 1970, as amended, and the Guidelines provided there under;

WHEREAS, the properties have a General Plan designation of PR, Planned Residential;

WHEREAS, The proposed amendment to the Land Use Diagram of the General Plan is consistent with all Elements of the General Plan, specifically the proposed amendments implement the following policies:

- A) Land Use and Growth Management Element - Goal C, Policy 1, in that the project will annex 18.21 acres of residential land, which is necessary to maintain an adequate supply of housing to accommodate the City's 2 percent per year housing growth rate.
- B) Land Use and Growth Management Element - Goal C, Policy 6: "The City shall strive to maintain a housing ratio of 65% low density, 10% medium density, and 25% high density in new development."
- C) Housing Element - Goal A, Policy 1, "The City shall promote the development of a broad mix of housing types."
- D) Housing Element - Goal A, Policy 9, in that the project is the first step of the adopted approval process for this residential development.
- E) Conservation Element - Goal C, Policy 1, in that the Southwest Gateway project area has existing or pending development on three sides including the Richard's Ranch subdivision to the north, the Thayer Ranch subdivision to the west, and State Highway 99 to the east.
- F) Safety Element - Goal C, Policy 7, in that the nearest fire station to the Southwest Gateway properties and Kirst property is located at Ham & Beckman Park that is within a 3-minute response time to both.

- G) Urban Design and Cultural Resources Element - Goal F, Policy 1, in that the general plan land use designation of the Kirst site to LDR will insure that the scale of development is consistent with surrounding land uses; and

WHEREAS, all legal prerequisites to the approval of this request have occurred.

NOW, THEREFORE, BE IT FOUND, DETERMINED AND RESOLVED by the Planning Commission of the City of Lodi as follows:

2. It is found that the Planning Commission has reviewed and considered the information contained in Negative Declaration ND-02-11. Further, the Commission recommends that the City Council certify the Negative Declaration as adequate environmental documentation for the project.
3. It is found that the parcels to be re-designated are the parcels located at 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane (062-290-14, 17, 37, 38 & 058-230-17).
4. It is found that the requested General Plan Land Use Amendments from PR, Planned Residential to MDR, Medium Density Residential & LDR, Low Density Residential provides for the orderly development of the City and will serve sound Planning practice.
5. It is hereby found that the project sites are physically suitable for their proposed types of development.
6. It is hereby found that the projects will have a less than significant impact on Prime Farmland as defined by the Land Evaluation and Site Assessment system of the California State Department of Conservation.
7. The Planning Commission of the City of Lodi hereby recommends approval of General Plan Land Use Amendment 02-06 to the City Council of the City of Lodi.
8. No variance from any City of Lodi adopted code, policy or specification is granted or implied by the approval of this resolution.

Dated: April 9, 2003.

I hereby certify that Resolution No. 03-___ was passed and adopted by the Planning Commission of the City of Lodi at a regular meeting held on April 9, 2003, by the following vote:

RESOLUTION NO. P.C. 03__

**A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LODI
RECOMMENDING APPROVAL OF THE REQUESTS OF GARY E. HANSEN, DON AND NANCY
MILLER, AND J. JEFFREY KIRST FOR PREZONING Z-02-06 TO THE LODI CITY COUNCIL.**

WHEREAS, the Planning Commission of the City of Lodi has heretofore held a duly noticed public hearing, as required by law, on the requested Prezoning in accordance with the Government Code and Lodi Municipal Code Chapter 17.84, Amendments;

WHEREAS, the properties are located at 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane (062-290-14, 17, 37, 38 & 058-230-17);

WHEREAS, the project proponents are Gary E. Hansen, P.O. Box 2095, Saratoga, CA 95070; Don & Nancy Miller, 4071 East Harney Lane, Lodi, CA 95240 & J. Jeffrey Kirst, P.O. Box 1259, Woodbridge, CA 95258;

WHEREAS, the properties have zoning designations of RL, Residential Low Density, and AU-20, Agricultural Urban Reserve (San Joaquin County); and

WHEREAS, all legal prerequisites to the approval of this request have occurred.

NOW, THEREFORE, BE IT FOUND, DETERMINED AND RESOLVED by the Planning Commission of the City of Lodi as follows:

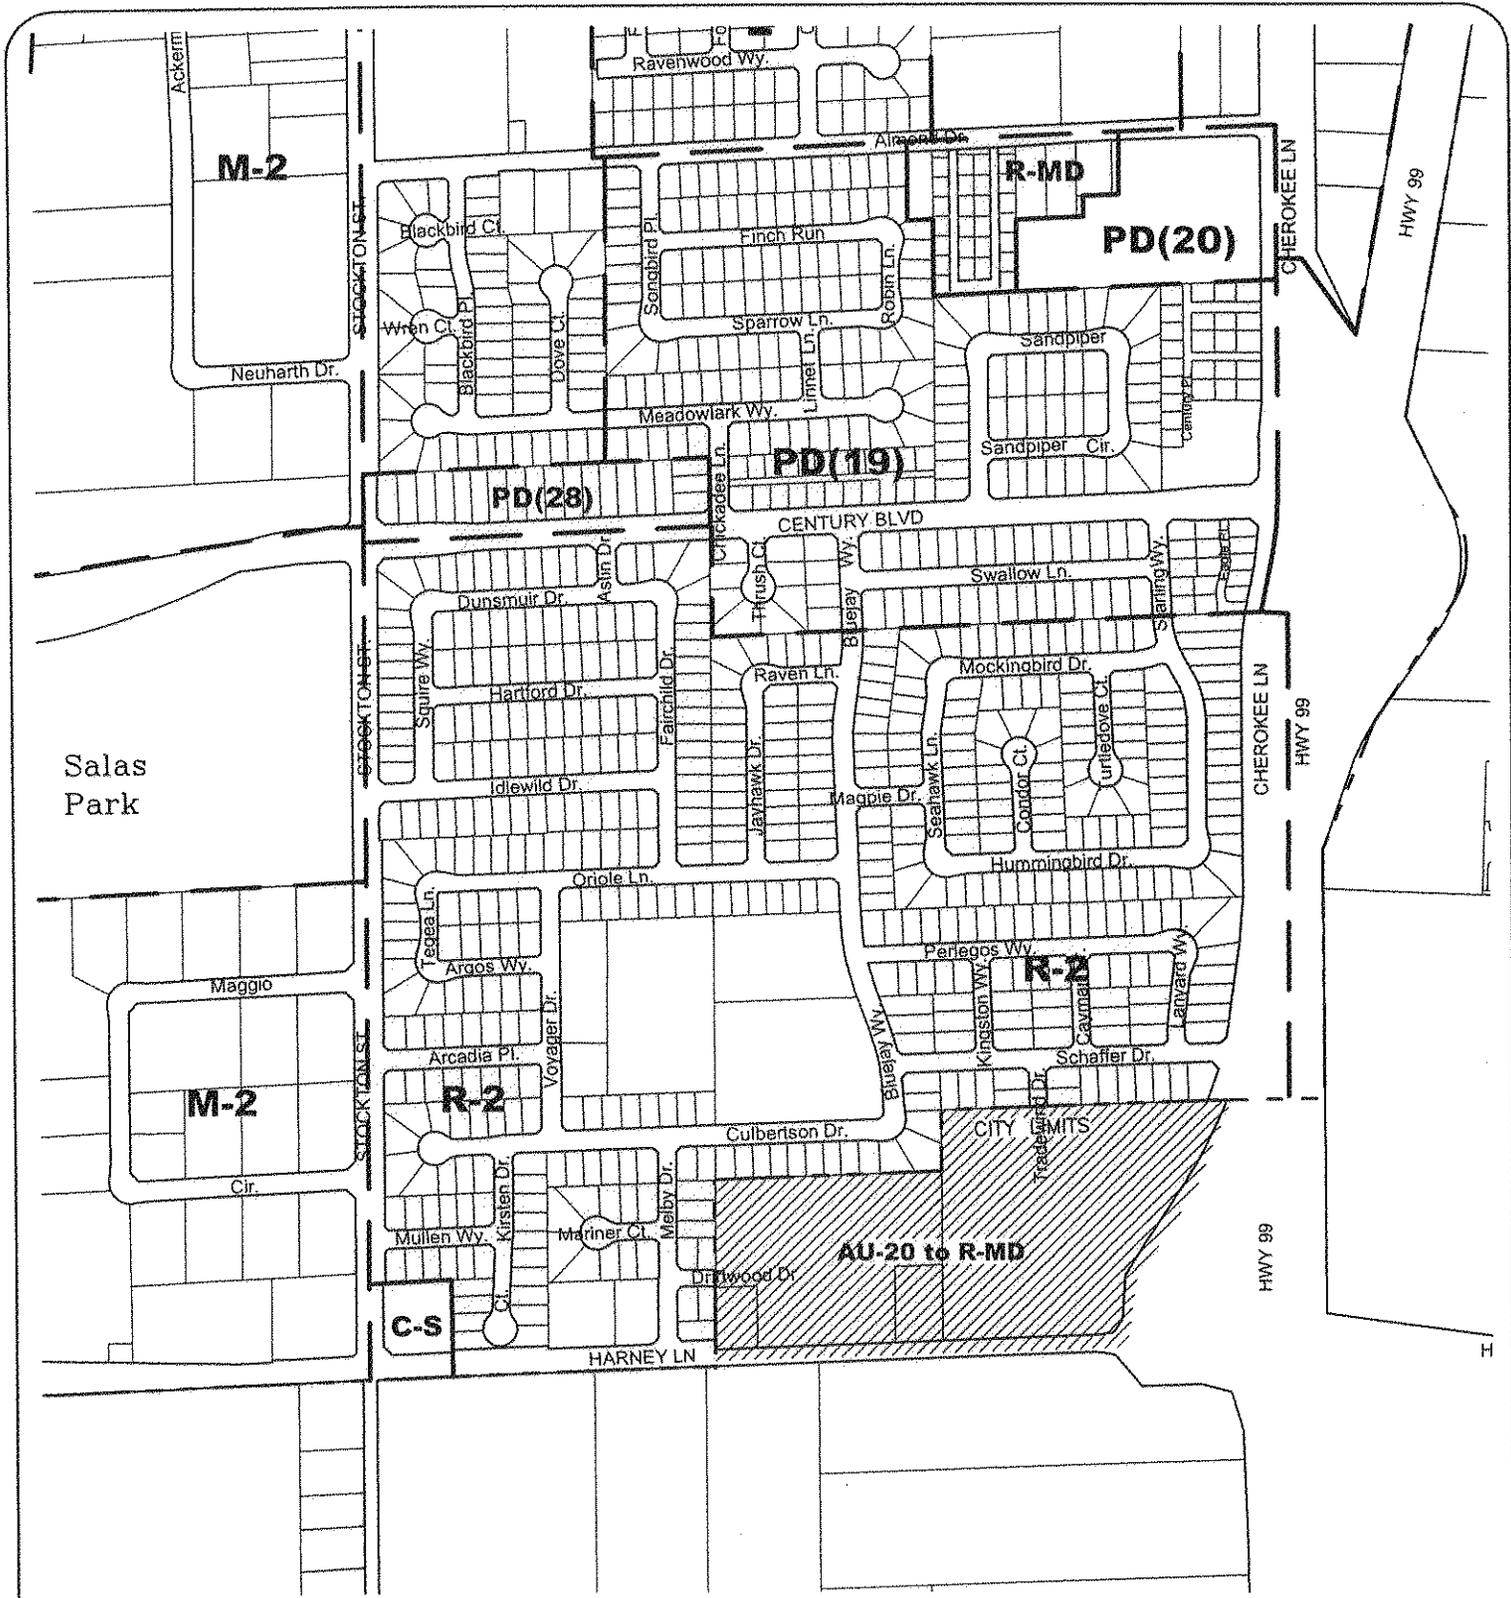

1. Negative Declaration File No. ND-02-11 has been prepared in compliance with the California Environmental Quality Act of 1970, as amended, and the Guidelines provided there under. Further, the Commission has reviewed and considered the information contained in said Negative Declaration with respect to the project identified in this Resolution.
2. It is found that the parcels to be prezoned are the parcels located at 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane (062-290-14, 17, 37, 38 & 058-230-17).
3. It is found that the requested prezoning of R-MD, Residential Medium Density and R-2, Residential Single Family are not in conflict with adopted plans or policies of the General Plan of the City and will serve sound Planning practice.
4. It is further found that the parcels of the proposed rezoning are physically suitable for the development of a residential medium density project.
5. The Planning Commission of the City of Lodi hereby recommends approval of Rezone Z-02-06 to the City Council of the City of Lodi.

DRAFT

Minutes from April 9, 2003

The request of Gary E. Hansen, Don and Nancy Miller, and J. Jeffrey Kirst for the Planning Commission's recommendation of approval to the City Council for an Annexation, General Plan Amendment and Rezoning for 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane. The request also includes a recommendation that the City Council certify Negative Declaration ND-02-11 as adequate environmental documentation for this project. Associate Planner Meissner made the presentation to the Commission. The hearing included two non-contiguous parcels. The request for the properties located on Cherokee and Harney Lanes (Southeast Gateway) included 4 parcels that totaled 18.21 acres. The other parcel, which was already annexed into the City, was 1.23 acres in size and located just west of the extension of Mills Avenue to Harney Lane. In regards to the Southeast Gateway, the three western properties contained two homes and a nursery. These three properties were included in the request to eliminate gaps in the City's boundaries. The remaining large corner parcel was anticipated to develop with a 7 to 20 dwelling per acre project, which would be coming before the Commission at the Development plan stage. The other parcel with this request, 1443 E. Harney Lane, will integrate with the single-family residential subdivision planned to the north. This property was within the City limits; however, it did not have a general plan or zoning designation that would allow for development. Staff was recommending approval of the requests.

Hearing opened to the Public

Steve Pechin, 323 W. Elm Street, Lodi. Mr. Pechin represented the owners for the properties on Cherokee Lane (Southeast Gateway). He felt the project was a good location for a medium density project. He was in agreement with all the conditions set forth in the resolution.

Jeffrey Kirst, 222 W. Lockeford St, Lodi. Mr. Kirst shared that the property located at 1443 E. Harney Lane had been left out when the Lackyard property was annexed into the City.

Joan Cahill, 530 Schaffer Drive, Lodi, CA. Ms. Cahill wanted to know what type of homes would be built on the Neuschaffer property. Mr. Hightower replied medium density which is 7 to 20 units per acre. It will be a mixture of single family homes and zero lot line homes.

Hearing closed to the Public

Commissioner Mattheis felt the project was a good location for medium density housing.

Chairman Heinitz noted that the project would help meet some of the housing element requirements.

The Planning Commission on motion of Commissioner Mattheis, Aguirre second, approved the request of Gary E. Hansen, Don and Nancy Miller, and J. Jeffrey Kirst for the Planning Commission's recommendation of approval to the City Council for an Annexation, General Plan Amendment and Rezoning for 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane. Also approved was a request for recommendation that the City Council certify Negative Declaration ND-02-11 as adequate environmental documentation for this project by the following vote:

AYES:	Commissioners:	Aguirre, Haugan, Mattheis, and Heinitz
NOES:	Commissioners:

CITY OF LODI

The Neuschaffer Annexation

PROJECT DESCRIPTION

The Neuschaffer Annexation is a proposal to annex, amend the general plan land use designation, and pre-zone a 10.28-acre property on the northwest corner of the intersection of Cherokee and Harney Lane. More specifically, the property is located at 13669 North Cherokee Lane, at the southeast corner of Lodi, Assessor Parcel Number: (062-290-17). There is also the potential to add three additional adjacent properties totaling 7.93-acres. These three properties are located at 4071, 4145, and 4219 East Harney Lane, Assessor Parcel Numbers: (062-290-38, 37, & 14).

At present, the subject parcels are in San Joaquin County adjacent to the south and east of the Lodi City limits. The properties have a San Joaquin County General Plan Designation of RL, Residential Low Density, and a County Zoning designation of AU-20, Agriculture Urban Reserve.

The general plan amendment will change the City general plan designation of PR, Planned Residential, to MDR, Medium Density Residential. For consistency the zoning will be established as R-MD, Residential Medium Density. Development of the primary property will be limited to residences at a density no greater than 20-units per acre, which amounts to no more than 206 homes. The three smaller properties have the potential to be included as part of a larger project and could contribute an additional 159 units. Annexation and establishment of City land use designations is the extent of this project.

ENVIRONMENTAL CHECKLIST FORM

1. **Project title:**
The Neuschaffer Annexation
2. **Lead agency name and address:**
City of Lodi-Community Development Department
Box 3006, Lodi, CA 95241
3. **Contact person and phone number:**
Mark Meissner
Associate Planner
(209) 333-6711
4. **Project location:**
San Joaquin County, CA.;
Addresses and Parcel Numbers listed above in Project Description
Lodi, CA 95240.
5. **Project sponsor's name and address:**
Gary E. Hansen
P.O. Box 2905
Saratoga, CA 95070
6. **General plan designation:** PR, Planned Residential
7. **Zoning:** AU-20 Agricultural Urban Reserve, (County Zoning).
8. **Description of project:** See "Project Description" section above.
9. **Surrounding land uses and setting:** The subject properties are within San Joaquin County and are generally located north of a vineyard across Harney Lane, south of the existing Richard's Ranch single-family residential subdivision in the City, east of the Thayer Ranch single-family residential subdivision in the City and Stockton Street, and west of Cherokee Lane and Highway 99.

The properties are relatively flat with no unusual or extraordinary topographic features. Parcel 17 is 10.28-acres of primarily vacant land with a small rural residence and accessory buildings at the northeast corner of the parcel. Parcel 14 is a 0.67-acre rural residence fronting Harney lane, Parcel 37 is a 6.57-acre wholesale nursery and cherry orchard fronting Harney Lane, and Parcel 38 is 0.69-acre rural residence also fronting Harney lane.
10. **Other public agencies whose approval is required:**
San Joaquin County Local Agency Formation Commission (LAFCO)

ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED:

The environmental factors checked below would be potentially affected by this project, involving at least one impact that is a ("Potentially Significant Impact" by the checklist on the following pages.

- | | | |
|---|---|---|
| <input type="checkbox"/> Land Use and Planning | <input type="checkbox"/> Transportation/Circulation | <input type="checkbox"/> Public Services |
| <input type="checkbox"/> Population and Housing | <input type="checkbox"/> Biological Resources | <input type="checkbox"/> Utilities and Service Systems |
| <input type="checkbox"/> Geological Problems | <input type="checkbox"/> Energy and Mineral Resources | <input type="checkbox"/> Aesthetics |
| <input type="checkbox"/> Water | <input type="checkbox"/> Hazards | <input type="checkbox"/> Cultural Resources |
| <input type="checkbox"/> Air Quality | <input type="checkbox"/> Noise | <input type="checkbox"/> Recreation |
| | | <input type="checkbox"/> Mandatory Findings of Significance |

ENVIRONMENTAL IMPACTS:

I. LAND USE AND PLANNING.

Would the proposed:

	Potentially Significant Impact	Potentially Significant Unless mitigation Incorporated	Less than Significant Impact	No Impact
a) Conflict with general plan designation or zoning?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Conflict with applicable environmental plans or policies adopted by agencies with jurisdiction over the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Be incompatible with existing land use in the vicinity?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Affect agricultural resources or operations (e.g., impacts to soils or farmlands, or impacts from incompatible land uses)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Disrupt or divide the physical arrangement of an established community (including a low-income or minority community)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

II POPULATION AND HOUSING.

Would the proposal:

a) Cumulatively exceed official regional or local population projections?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Induce substantial growth in an area either directly or indirectly (e.g., through projects in an undeveloped area or extension of major infrastructure)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Displace existing housing, especially affordable housing?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

III. GEOLOGIC PROBLEMS.

Would the proposal result in or expose people to potential impacts involving:

a) Fault rupture?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Seismic ground shaking?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Seismic ground failure, including liquefaction?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Seiche, tsunami, or volcanic hazard?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) Erosion, changes in topography or unstable soil conditions from excavation, grading or fill?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g) Subsidence of land?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h) Expansive soils?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
i) Unique geologic or physical features?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Potentially Significant Unless mitigation Incorporated	Less than Significant Impact	No Impact
IV. WATER.				
<i>Would the proposal result in:</i>				
a) Changes in absorption rates, drainage patterns, or the rate and amount of surface runoff?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Exposure of people or property to water related hazards such as flooding?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Discharge into surface waters or other alteration of surface water quality (e.g., temperature, dissolved oxygen or turbidity)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Changes in the amount of surface water in any water body?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Changes in currents, or the course or direction of water movements?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) Change in the quantity of ground water, either through direct additions or withdrawals, or through interception of an aquifer by cuts or excavation or through substantial loss of ground water recharge capability?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g) Altered direction or rate of flow of groundwater?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h) Impacts to groundwater quality?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
I) Substantial reduction in the amount of groundwater otherwise available for public water supplies?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
V. AIR QUALITY.				
<i>Would the proposal:</i>				
a) Violate any air quality standard or contribute to an existing or projected air quality violation?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Expose sensitive receptors to pollutants?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Alter air movement, moisture, or temperature, or cause any change in climate?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Create objectionable odors?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
VI. TRANSPORTATION/CIRCULATION.				
<i>Would the proposal result in:</i>				
a) Increased vehicle trips or traffic congestion?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Hazards to safety from design feature, (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Inadequate emergency access or access to nearby uses?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Insufficient parking capacity onsite or offsite?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Hazards or barriers for pedestrians or bicyclists?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) Conflicts with adopted policies supporting alternative transportation (e.g., bus turnouts, bicycle racks)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g) Rail, waterborne or air traffic impacts?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

VII. BIOLOGICAL RESOURCES.

Would the proposal result in impacts to:

	Potentially Significant Impact	Potentially Significant Unless mitigation Incorporated	Less than Significant Impact	No Impact
a) Endangered, threatened or rare species or their habitats (including but not limited to plants, fish, insects, animals, and birds)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Locally designated species (e.g., heritage trees)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Locally designated natural communities (e.g., oak forest, coastal habitat, etc.)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Wetland habitat (e.g., marsh, riparian, and vernal pool)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Wildlife dispersal migration corridors?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

VIII. ENERGY AND MINERAL RESOURCES.

Would the proposal:

a) Conflict with adopted energy conservation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Use nonrenewable resources in a wasteful and inefficient manner?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Result in the loss of availability of a known mineral resource that would be of future value to the region and the residents of the State?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

IX. HAZARDS.

Would the proposal involve:

a) A risk of accidental explosion or release of hazardous substances (including, but not limited to, oil, pesticides, chemicals, or radiation)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Possible interference with an emergency response plan or emergency evacuation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) The creation of any health hazard or potential health hazard?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Exposure of people to existing sources of potential health hazards?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Increased fire hazard in areas with flammable brush, grass, or trees?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

X. NOISE.

Would the proposal result in:

a) Increase in existing noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Exposure of people to severe noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

XI. PUBLIC SERVICES.

Would the proposed have an effect upon, or result in a need for new or altered government services in any of the following areas:

a) Fire protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Police protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Schools?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Maintenance of public facilities, including roads?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Other government services?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

XII. UTILITIES AND SERVICE SYSTEMS.

Would the proposal result in a need for new systems or supplies, or substantial alterations to the following utilities:

	Potentially Significant Impact	Potentially Significant Unless mitigation Incorporated	Less than Significant Impact	No Impact
a) Power or natural gas?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Communications systems?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Local or regional water treatment or distribution facilities?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Sewer or septic tanks?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Storm water drainage?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f) Solid waste disposal?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g) Local or regional water supplies?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

XIII. AESTHETICS.

Would the proposal:

a) Affect a scenic vista or scenic highway?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Have a demonstrable negative aesthetic effect?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Create light or glare?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

XIV. CULTURAL RESOURCES.

Would the proposal:

a) Disturb paleontological resources?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Disturb archaeological resources?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Have the potential to cause a physical change which would affect unique ethnic cultural values?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Restrict existing religious or sacred uses within the potential impact area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

XV. RECREATION.

Would the proposal:

a) Increase the demand for neighborhood or regional parks or other recreational facilities?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Affect recreation opportunities?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

XVI. MANDATORY FINDINGS OF SIGNIFICANCE

	Potentially Significant Impact	Potentially Significant Unless mitigation Incorporated	Less than Significant Impact	No Impact
a) Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal or eliminate important examples of the major periods of California history or pre-history?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Does the project have the potential to achieve short-term, to the disadvantage of long-term, environmental goals?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Does the project have environmental effects, which will cause substantial adverse effects on human beings, either directly or indirectly?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

XVII. EARLIER ANALYSES.

Earlier analyses may be used where, pursuant to the tiering, program EIR, or other CEQA process, one or more effects have been adequately analyzed in earlier EIR or negative declaration. Section 15063(c)(3)(D).

Earlier analyses used.

June 1991. City of Lodi General Plan EIR. This area was identified in the Lodi General Plan and discussed in the Environmental Impact Report SCH# 9020206

- a) Mitigation measures. See Attached Summary for discussion.

SUMMARY OF POTENTIAL IMPACTS

I. LAND USE AND PLANNING

As stated in the project description the project is a change in jurisdiction from San Joaquin County to the City of Lodi, and establishing City land use designations. The Community Development Department finds that the proposed actions of the City will not have a physical effect on the environment. We do however, acknowledge that the actions anticipate development of the properties as some type of medium density residential development. The City's growth management ordinance requires that projects over four dwelling units whether attached or detached are required to be reviewed and approved under its regulations. When the City receives application for development of this parcel it would be a new project and would therefore be subject to a separate and more detailed environmental review.

The properties in question are currently designated as PR, Planned Residential. The General Plan defines PR as follows: "This designation provides for single family detached and attached homes, secondary residential units, multifamily residential units, parks, open space, public and quasi-public uses, and similar and compatible uses and is

applied to largely undeveloped areas in the unincorporated area of the GP area." Planned Residential is intended to be re-designated during the annexation process. The entire project area is to be designated, MDR, Medium Density Residential, which is consistent with PR as defined above.

For consistency with the proposed General Plan designations, the project will be rezoned to R-MD, medium-density residential. Action by the City Council to make the requested changes will mitigate inconsistencies with the General Plan and Zoning to less than significant levels.

The subject properties total approximately 18.21-acres of rural residential and agricultural land. Page 3-2 of the General Plan Policy Document identifies the conversion of agricultural land as an adverse impact of residential, commercial and industrial development. In order to mitigate the adverse impacts of converting farmland to urban uses, Chapter Three of the General Plan Policy Document specifies on page 3-4, among other things, that the City shall encourage the preservation of agricultural uses surrounding the city and to discourage any premature urbanization of farmland. Specific policies in the Conservation Element are aimed at delaying the loss of prime agricultural lands and facilitating their continued use, including: 1. Designating an open space greenbelt around the urbanized area of the City. The City of Lodi is a participant with the County in establishing a greenbelt area between Stockton and Lodi, for which the Lodi City Council has authorized up to \$25,000 for further study of the area. 2. Support the continuation of agricultural uses on lands designated for urban uses until such time that urban development is imminent. 3. Allow the continuation of viable agricultural activities around the City.

The following statement is quoted from the Lodi Municipal Code Chapter 8.18 "NOTICE OF AGRICULTURAL OPERATIONS AFFECTING OTHER PROPERTY," Section 010 "Policy statement":

"It is the policy of the city to protect, preserve and encourage the use of viable agricultural lands for the production of food and other agricultural products. When nonagricultural land uses extend into or encroach upon agricultural areas, it is likely that conflicts will arise between such land uses and the agricultural operations. These conflicts often result in an involuntary curtailment or cessation of agricultural operations, are detrimental to the local economy, and discourage investment in such agricultural operations. The purpose of this chapter is to reduce the occurrence of conflict between agricultural and non-agricultural land uses within the city."

This section of the Municipal Code requires that the seller of a property near an agricultural area provide a disclosure statement to the buyer that there is agricultural activity nearby and that the buyer sign to the following: "The City of Lodi permits operation of properly conducted agricultural operations within the city limits, including those that utilize chemical fertilizers and pesticides. YOU ARE HEREBY NOTIFIED THAT THE PROPERTY YOU ARE PURCHASING MAY BE LOCATED CLOSE TO AGRICULTURAL LANDS AND OPERATIONS. YOU MAY BE SUBJECT TO

INCONVENIENCE OR DISCOMFORT ARISING FROM THE LAWFUL AND PROPER USE OF CHEMICALS AND AGRICULTURAL CHEMICALS AND PESTICIDES AND FROM OTHER AGRICULTURAL ACTIVITIES, INCLUDING WITHOUT LIMITATION, CULTIVATION, PLOWING, SPRAYING, IRRIGATION, PRUNING, HARVESTING, BURNING OF AGRICULTURAL WASTE PRODUCTS, PROTECTION OF CROPS AND ANIMALS FROM DEPREDATION, AND OTHER ACTIVITIES WHICH OCCASIONALLY GENERATE DUST, SMOKE, NOISE, AND ODOR. Consequently, depending on the location of your property, it may be necessary that you be prepared to accept such inconveniences or discomfort as a normal and necessary aspect of living in an agriculturally active region.”

Annexing the Neuschaffer project area could take roughly 18.21-acres of agricultural land out of production; however, its proximity to developed land within the City limits on two of four sides diminishes its viability for continued farming. Inappropriate and premature conversion of productive agricultural land would occur if “leap frog” development were taking place, involving development of land not adjacent to the existing City limits. Annexing and developing the subject land as a residential development is in keeping with the City’s General Plan policies and ordinances promoting orderly and planned growth. Through continued efforts of the City to establish a greenbelt, continued participation in the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan, continued implementation of the City’s Growth Management practices, and continued enforcement of the City’s “Right to Farm” ordinance, the City will remain the most compact city in the County, and one of the most compact cities in the State. Impacts associated with the conversion of the subject property from agricultural to urban uses are deemed less than significant.

II. POPULATION AND HOUSING

The land area has been reviewed and included in the City of Lodi General Plan and its environmental impact report as evidenced by its general plan designation of PR, Planned Residential. The general plan anticipated development of the project area as homes and anticipated its population.

In order to maintain consistency with the Growth Management element of the general plan the City strives to maintain land for the development of all types of housing at a ratio of 65% low density, 10% medium density, and 25% high density. Given the difficulties the City has had in attracting residential development other than low density, the proposed medium density residential land use designation is found to be beneficial. Future development of the project area will not create unanticipated population, will only require routine utility and roadway extensions, and does not require the removal of existing housing.

III. GEOLOGIC PROBLEMS

The Project area is located in the San Joaquin Valley portion of the Central Valley of California. A sequence of sedimentary rocks up to 60,000 feet thick has filled the valley. Basement rocks composed of meta-sediments, volcanics, and granites underlie these

deposits. The Midland Fault Zone is the nearest seismic area, and lies approximately 20 miles west of Lodi. Based upon the inactive status of this fault, the area has not been identified as a Special Studies Zone within the definitions of the Alquist-Priolo Act. However, appropriate construction standards will be utilized to conform to Seismic Zone 3 requirements.

IV. WATER

This project by itself cannot reduce the amount of groundwater available for public water supplies; however, future residential development will contribute to the existing decline in the quantity of ground water by creating additional demand on the groundwater basin. According to the City's "Urban Water Management Plan, June 2001," the City of Lodi obtains all of its fresh water supply from 24 existing water wells that pump groundwater from the Longer San Joaquin Valley Groundwater Basin. The Plan states that the City has been over drafting the groundwater basin, which is the cause of the gradual but continued decrease in groundwater levels. "Overall, the average annual decrease in groundwater levels from 1927 to 2000 has been 0.35 feet per year. Generally, groundwater elevations have decreased with the increase in population and water production."

At the time the General Plan was drafted in 1987, water demand stood at 13.7 MGD. In 1991, it had grown to 14.1 MGD. According to estimates prepared in 1991, development provided for by the General Plan would create demand for approximately 7.8 MGD of water, or 76 percent more than the current amount. The "Urban Water Management Plan" provides many recommendations the City could implement to ensure that the City maintains an adequate supply of fresh water. These recommendations include: Developing a conjunctive use program to reduce overall pumping of groundwater, recycling waste water, continuing current water conservation efforts, and adopting many "Best Management Practices" (BMP) water conservation processes established by the California Urban Water Conservation Council. The basic finding of the report is that if the City is going to continue its sole reliance on groundwater, it must establish additional conservation programs or the City will eventually run out of groundwater.

The land of the Neuschaffer Annexation should develop in time as a medium-density development. Prior to development the City will require a development plan review as provided by the City's Growth Management Program. Because of this program, growth within the City of Lodi has not exceeded the limit of providing housing for a 2% population increase per year. In fact, population growth has occurred at an average rate of 1.2% per year since the establishment of the Growth Management Program in 1991. This has reduced the anticipated per capita consumption of water. In addition, increased water conservation efforts by the City beginning in 1995 have also reduced the per capita consumption of water to less than expected levels.

Even with the existing efforts of the City, water usage of existing homes, businesses, and industry are continuing to overdraft the groundwater basin. For this reason, the City is actively pursuing each of the recommendations cited in the Urban Water Management Plan; however, these recommended efforts are comprehensive to the City as a whole. At this time the City has not established a mechanism to mitigate by compensation or other

means the cumulative impact on the City's fresh water supply at the individual project level. For this reason the City of Lodi finds that future development of the Neuschaffer Annexation project area shall, at the time of establishment of the mechanism for compensation, be required to compensate the City on a "fair share" basis for the difference in water consumption between the original use of the land and a low density residential development. We find that the preceding sentence as well as the continuing effort of the City to regulate water usage and promote water conservation, shall suffice as mitigation to reduce the impacts of the future development of the Neuschaffer Annexation project area on groundwater supply to less than significant.

V. AIR QUALITY

The development of the project site may cause a small decrease in ambient air quality standards and increase air emissions. Chapter 15, Air Quality, of the City of Lodi General Plan Environmental Impact Report states that the City of Lodi will coordinate development project review with the San Joaquin Valley Air Pollution Control District (SJVAPCD) in order to minimize future increases in vehicle travel and to assist in implementing any indirect source regulations adopted by the SJVAPCD.

In order to determine the significance of potential air quality impacts we have utilized the SJVAPCD "Guide for assessing and mitigating air quality impacts." According to this document, we have determined that the project falls within the "Small Project Analysis Level (SPAL)," and does not require further air quality analysis. We have found in section VI. Transportation/Circulation section below that development of the primary 10.28-acre parcel could result in the development of 212 dwellings with the potential of 1,272 daily vehicle trips. According to SJVAPCD, these numbers are under the threshold of significance qualifying them under SPAL.

Although the project does not involve any development at this point, the City of Lodi will implement impact-reducing measures prescribed by the San Joaquin Valley Unified Air Pollution Control District in order to reduce the potential impact from fugitive dust (PM-10) due to earth moving and other construction activities. The "Regulation VIII control measures" are listed as follows:

- All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.
- All on-site unpaved roads and off-site unpaved access roads shall be effectively stabilized of dust emissions using water or chemical stabilizer/suppressant.
- All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
- With the demolition of buildings up to six stories in height, all exterior surfaces of the building shall be wetted during demolition.
- When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

- All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. *(The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)*
- Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.
- Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.
- Any site with 150 or more vehicle trips per day shall prevent carryout and trackout.

By implementing the measures above, the temporary impacts from construction (primary impacts) on air quality will be reduced to less than significant levels.

In addition, the City is reducing impacts from vehicle emissions (secondary impacts) by implementing programs for alternate transportation. Programs such as the City's Dial-A-Ride system, which is a door to door service; or the Grape Line, which is a fixed route transit system; or the City's Bicycle Transportation Master Plan; or even the recent introduction of Amtrak rail service to the City's Multi-Modal station will help to reduce vehicle emissions. The City's programs along with the programs at the Federal, State, and County levels will help to reduce vehicle emissions created by this project to less than significant levels.

VI. TRANSPORTATION/CIRCULATION

Additional vehicle trips will affect transportation patterns relative to existing traffic loads and street capacity in the immediate project area. In order to reduce impacts from additional traffic, "The City shall review new developments for consistency with the General Plan Circulation Element and the Capital Improvements Program. Those developments found to be consistent with the Circulation Element shall be required to pay their fair share of traffic impact fees. Those developments found to be generating more traffic than that assumed in the Circulation Element shall be required to prepare a site-specific traffic study and fund needed improvements not identified in the capital improvements program in addition to paying their fair share of the traffic impact fees." The traffic impact fee will be used to finance future improvements such as traffic signals and street widening projects for older intersections and streets congested by new development.

The entire project site was originally designated in the City's General Plan as PR, Planned Residential so its circulation needs were projected for residential development, which is what is proposed. According to the City's Traffic Engineering of the Public Works Department, the trip rate for multi-family residential dwelling units is six trips per dwelling unit. The 18.21-acre project site could contain as many as 20-units per acre or 364 dwelling units. This number of units could generate around 2,184 daily trips, and 1,529 peak hour trips.

Given that ownership of the project site is mixed and that the secondary parcels are involved in agricultural operations and residences, we do not believe the entire 18.21-acres will develop. We find that it is more likely that the main 10.28-acre property will develop alone, so the numbers would be 212 dwelling units, with 1,272 daily trips and 891 peak hour trips. Furthermore the existing single-family residents to the north will prompt a transition of develop, meaning the area adjacent to the single-family residents will probably develop as single-family residences also.

Harney Lane to the south and Cherokee Lane to the east are the main access points to the project area. Harney Lane is planned in the City's Street Master Plan as a minor arterial (94' right-of-way, 4-lanes and left turn median), and Cherokee Lane is planned as a secondary arterial (80' right-of-way, 4 lanes). Both are designed to accommodate the anticipated residential development of the remaining vacant land in this area. The improvements typically only take place upon development of properties fronting the street being improved.

Given the adjacency of the Harney Lane Highway 99 interchange, the Department of Transportation will be directly involved in this project. They have provided initial comments regarding the proposed annexation, which are primarily concerned with the future development of the project site (see attached). The Community Development Department finds that the comments apply to the future development of the project site. The Community Development Department will forward all development proposals and their environmental reviews to the Department of Transportation when they become available.

We believe that implementation of the City's Circulation Master Plan based on the General Plan Circulation Element and EIR, specifically the items as listed above, will adequately reduce traffic impacts in the immediate area to less than significant levels.

VII. BIOLOGICAL RESOURCES

Development of the project site is subject to the payment of fees in accordance with the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan.

The proposed project is consistent with the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan (SJMSCP), as amended, as reflected in the conditions of project approval for this proposal. Pursuant to the Final EIR/EIS for the San Joaquin county Multi-Species Habitat Conservation and Open Space Plan (SJMSCP), dated November 15, 2000, and certified by the San Joaquin Council of Governments on December 7, 2000, implementation of the SJMSCP is expected to reduce impacts to biological resources resulting from the proposed project to a level of less-than-significant. That document is hereby incorporated by reference and is available for review during regular business hours at the San Joaquin Council of Governments (6 S. El Dorado St., Suite 400/Stockton, CA 95202) or online at: www.sjcog.org.

VIII. ENERGY AND MINERAL RESOURCES

Development of the project site will require review by the Building Division of the Community Development Department, who will ensure that the construction adheres to

provisions of 2001 Title 24, Part 6 California's Energy Efficiency Standards for Residential and Nonresidential Buildings. The Energy Efficiency Standards for Residential and Nonresidential Buildings were established in 1978 in response to a legislative mandate to reduce California's energy consumption. The standards are updated periodically to allow consideration and possible incorporation of new energy efficiency technologies and methods. New standards were adopted by the Commission in 2001 as mandated by Assembly Bill 970 to reduce California's electricity demand. The new standards went into effect on June 1, 2001. Construction under these standards should eliminate wasteful and inefficient use of nonrenewable resources.

In addition, development of the site is not expected to result in the loss of availability of any known mineral resource that would be of future value to the region and the residents of the State. There are no known mineral deposits within the area. The soil in the area is a sandy loam type with hardpan approximately 6 to 8 feet beneath the surface. There is no indication that valuable minerals are located within the general area of the well. No impacts associated within the loss of minerals are expected because of the project.

IX. HAZARDS

By establishing a land use designation of RMD, Residential Medium Density the expected future development would not involve explosives or hazardous substances except perhaps gardening supplies. The development of the site will be reviewed by the Fire Department to ensure that the site as well as any future structures meet or exceed the requirements of the fire code.

X. NOISE

The project will develop as residences that will be restricted by the City's noise ordinance. The noise ordinance will prohibit above ambient residential noise levels between the hours of 10 p.m. and 7 a.m. Noise generated by the future development of the project site is not anticipated to be an impact to the existing residences to the north and west.

The residents of the future development could be exposed to the noise generated by the traffic on Highway 99 and the frontage road (Cherokee Lane) adjacent to the east. The General Plan environmental impact report identifies the project area closest to the highway with a Community Noise Equivalent Level (CNEL) of 70dB to 75dB, which without mitigation could be considered "Normally Unacceptable." Prior to development of the project area the City will require a noise study to be performed to determine ways of reducing noise to acceptable levels consistent with the General Plan. Mitigations could include sound attenuation walls, increased insulation, and highly insulated windows.

XI. PUBLIC SERVICES

The change from County agricultural land to its eventual development will generate the need for expanded governmental services including schools, fire and police. The Citywide Development Impact Mitigation Fee schedule was adopted to insure that new development generates sufficient revenue to maintain specified levels of service in Lodi. In addition, the Lodi Unified School District has adopted a fee per square foot that is

intended to mitigate the cost of providing school services to new development. The project area will be served by a new K-6, elementary school under construction less than ¼ of a mile to the north.

Page 9-5 of the General Plan Policy Document states that the City shall add personnel, equipment, or facilities necessary to maintain a minimum three (3) minute travel time for fire calls. Page 9-6 of the Policy Document goes on to state that the City shall also strive to maintain a staff ratio of 3.1 police officers per 1,000 population with response times averaging three (3) minutes for emergency calls and 40 minutes for non emergency calls. Impact fees are calculated on new development based on use and density to generate enough revenue to preserve adequate service levels, thereby mitigating potential adverse impacts on governmental services to less than significant levels.

XII. UTILITIES AND SERVICE SYSTEMS.

The General Plan EIR points out on page 10-2 that at the time the General Plan was prepared in 1989, there was a design treatment capacity of 6.2 MGD. A planned (and later completed) expansion increased capacity to 8.5 MGD in 1991. Assuming that residential growth was to continue at the planned two (2) percent annual rate, and that flows would increase at a proportionate rate, the City's White Slough Water Pollution Control Facility (WSWPCF) has adequate capacity for the life of the 20 year plan. In fact, residential growth has not reached the two (2) percent mark since the plan was adopted. Over the last five (5) years, growth has averaged 1.63%. This being the case, there is estimated to be excess carrying capacity at the WSWPCF, enough to mitigate any impacts of the new homes and school site to less than significant levels.

The General Plan EIR, page 10-3 outlines the City's storm water collection, distribution, and disposal system. In Lodi, storm water is discharged to the Mokelumne River and the Woodbridge Irrigation District (WID) Canal. The project area's storm drainage will flow to the Salas Park drainage basin. The Salas Park basin was engineered with a capacity to handle storm water runoff from a 48-hour, 100-year storm. Storm runoff from the development of the project site will not impact the City's existing drainage basins.

Page 10-1 of the General Plan EIR explains that the water supply for the entire City is provided by a groundwater aquifer, tapped into by a system of interconnected City wells. According to Lodi standards, one water well shall be maintained per each 2,000 population. New wells are drilled as necessary to provide an adequate supply commensurate with growth. At the time the General Plan was drafted in 1987, water demand stood at 13.7 MGD. In 1991, it had grown to 14.1 MGD. According to estimates prepared in 1991, development provided for by the General Plan would create demand for approximately 7.8 MGD of water, or 67 percent more than the current amount.

As stated previously in this initial study, due to the affect of the City's Growth Management Program, growth has not reached the levels anticipated in 1991, reducing the anticipated per capita consumption of water. In addition, increased water conservation efforts by the City beginning in 1995 have also reduced the per capita

consumption of water to less than expected levels. With 26 water wells currently in operation there is estimated to be a sufficient supply of water.

Considering the aforementioned mitigating factors, any impacts on the water supply created because of the Neuschaffer Annexation/reorganization are reduced to less than significant levels.

XIII. AESTHETICS.

Development of the project area would not affect a scenic vista or scenic highway because there are no known or recognized scenic views or highways in or immediately around the project area. The project area is south of an existing single-family residential subdivision, north of a vineyard, west of a wholesale nursery, and east of State Highway 99.

Given the proposed multi-family zoning, the development of the site will most likely be a multi-family project, which will be reviewed by the City's Site Plan and Architectural Review Committee (SPARC). SPARC is charged with determining, "compliance with the zoning ordinance and to promote the orderly development of the city, the stability of land values, investment and the general welfare, and to help prevent the impairment or depreciation of land values and development by the erection of structures or additions or alterations thereto without proper attention to siting or to unsightly, undesirable or obnoxious appearance." As part of the review by SPARC, lighting is required to be shielded or low level to eliminate potential glare on neighboring properties.

XIV. CULTURAL RESOURCES.

Annexation and the establishment of land use regulations will not create a physical change of the project site. As stated many times in this document, by establishing land use regulations for the property there will be a potential for development at which time will be separately required to be reviewed under CEQA. The Community Development Department will review any proposed future development for its impact on cultural and archaeological values or resources.

XV. RECREATION.

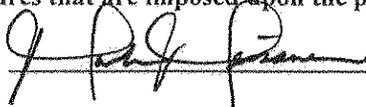

The future development of the project site will increase the population of Lodi, which will create an increase in the demand for recreational opportunities. The City's Parks Master plan adopted in January of 1994 has taken into account the recreational needs of Lodi, and has included the project area and its demand in its projections. The Parks Master Plan is a 15-year plan that identifies improvements to existing parks and new park areas throughout Lodi including a neighborhood park less than ¼ mile to the northwest of the project site. Continued progress with the implementation of this plan is anticipated to provide parks and recreational opportunities at no less than a satisfactory level. There are no existing recreational opportunities on this property.

DETERMINATION:

On the basis of this initial evaluation:

- I find that the proposed project **COULD NOT** have a significant effect on the environment, and a **NEGATIVE** declaration will be prepared.
- I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because the mitigation measures described on an attached sheet have been added to the project. A **NEGATIVE DECLARATION** will be prepared.
- I find that the proposed project **MAY** have a significant effect on the environment, and an **ENVIRONMENTAL IMPACT REPORT** is required.
- I find that the proposed project **MAY** have a significant effect(s) on the environment, but at least one effect 1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and 2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets' if the effect is a "potentially significant impact" or "potentially significant unless mitigated."
- I find that although the proposed project could have a significant effect on the environment, there **WILL NOT** be a significant effect in this case because all potentially significant effects (a) have been analyzed adequately in an earlier EIR pursuant to applicable standards, and (b) have been avoided or mitigated pursuant to that earlier EIR, including revisions or mitigation measures that are imposed upon the proposed project

RESOLUTION NO. P.C. 03-05

**A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LODI
RECOMMENDING APPROVAL OF THE REQUESTS OF GARY E. HANSEN, DON AND NANCY
MILLER, AND J. JEFFREY KIRST FOR PREZONING Z-02-06 TO THE LODI CITY COUNCIL.**

WHEREAS, the Planning Commission of the City of Lodi has heretofore held a duly noticed public hearing, as required by law, on the requested Prezoning in accordance with the Government Code and Lodi Municipal Code Chapter 17.84, Amendments;

WHEREAS, the properties are located at 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane (062-290-14, 17, 37, 38 & 058-230-17);

WHEREAS, the project proponents are Gary E. Hansen, P.O. Box 2095, Saratoga, CA 95070; Don & Nancy Miller, 4071 East Harney Lane, Lodi, CA 95240 & J. Jeffrey Kirst, P.O. Box 1259, Woodbridge, CA 95258;

WHEREAS, the properties have zoning designations of RL, Residential Low Density, and AU-20, Agricultural Urban Reserve (San Joaquin County); and

WHEREAS, all legal prerequisites to the approval of this request have occurred.

NOW, THEREFORE, BE IT FOUND, DETERMINED AND RESOLVED by the Planning Commission of the City of Lodi as follows:

1. Negative Declaration File No. ND-02-11 has been prepared in compliance with the California Environmental Quality Act of 1970, as amended, and the Guidelines provided there under. Further, the Commission has reviewed and considered the information contained in said Negative Declaration with respect to the project identified in this Resolution.
2. It is found that the parcels to be prezoned are the parcels located at 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane (062-290-14, 17, 37, 38 & 058-230-17).
3. It is found that the requested prezoning of R-MD, Residential Medium Density and R-2, Residential Single Family are not in conflict with adopted plans or policies of the General Plan of the City and will serve sound Planning practice.
4. It is further found that the parcels of the proposed rezoning are physically suitable for the development of a residential medium density project.
5. The Planning Commission of the City of Lodi hereby recommends approval of Rezone Z-02-06 to the City Council of the City of Lodi.

Dated: April 9, 2003

I hereby certify that Resolution No. 03-05 was passed and adopted by the Planning Commission of the City of Lodi at a regular meeting held on April 9, 2003, by the following vote:

RESOLUTION NO. P.C. 03-06

**A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LODI
RECOMMENDING APPROVAL OF THE REQUESTS OF GARY E. HANSEN, DON AND NANCY
MILLER, AND J. JEFFREY KIRST FOR GENERAL PLAN LAND USE AMENDMENT 02-06 TO
THE LODI CITY COUNCIL.**

WHEREAS, the Planning Commission of the City of Lodi has heretofore held a duly noticed public hearing, as required by law, on the requested General Plan Land Use Amendment in accordance with the Government Code and Lodi Municipal Code Chapter 17.84, Amendments;

WHEREAS, the properties are located at 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane (062-290-14, 17, 37, 38 & 058-230-17);

WHEREAS, 13669 North Cherokee Lane is a 10.28-acre parcel, contiguous to the City Limits on its northern boundary, and contains a small rural residence and accessory building at the northeast corner of the parcel;

WHEREAS, 4071 East Harney Lane is a 0.69-acre rural residence fronting Harney lane adjacent to the City on its west boundary;

WHEREAS, 4145 East Harney Lane is a 6.57-acre wholesale nursery and cherry orchard fronting Harney Lane and is adjacent to the City on its west and north boundaries;

WHEREAS, 4219 East Harney Lane is a 0.67-acre rural residence fronting Harney lane with no immediate adjacency to the City;

WHEREAS, 1443 East Harney Lane is a 1.23-acre parcel with the northern half as vineyard and with a rural residence fronting Harney lane;

WHEREAS, the project proponents are Gary E. Hansen, P.O. Box 2095, Saratoga, CA 95070; Don & Nancy Miller, 4071 East Harney Lane, Lodi, CA 95240 & J. Jeffrey Kirst, P.O. Box 1259, Woodbridge, CA 95258;

WHEREAS, Negative Declaration File No. ND-02-11 has been prepared in compliance with the California Environmental Quality Act of 1970, as amended, and the Guidelines provided there under;

WHEREAS, the properties have a General Plan designation of PR, Planned Residential;

WHEREAS, The proposed amendment to the Land Use Diagram of the General Plan is consistent with all Elements of the General Plan, specifically the proposed amendments implement the following policies:

- A) Land Use and Growth Management Element - Goal C, Policy 1, in that the project will annex 18.21 acres of residential land, which is necessary to maintain an adequate supply of housing to accommodate the City's 2 percent per year housing growth rate.
- B) Land Use and Growth Management Element - Goal C, Policy 6: "The City shall strive to maintain a housing ratio of 65% low density, 10% medium density, and 25% high density in new development."
- C) Housing Element - Goal A, Policy 1, "The City shall promote the development of a broad mix of housing types."
- D) Housing Element - Goal A, Policy 9, in that the project is the first step of the adopted approval process for this residential development.
- E) Conservation Element - Goal C, Policy 1, in that the Southwest Gateway project area has existing or pending development on three sides including the Richard's Ranch subdivision to the north, the Thayer Ranch subdivision to the west, and State Highway 99 to the east.
- F) Safety Element - Goal C, Policy 7, in that the nearest fire station to the Southwest Gateway properties and Kirst property is located at Ham & Beckman Park that is within a 3-minute response time to both.

- G) Urban Design and Cultural Resources Element - Goal F, Policy in that the general plan land use designation of the Kirst site to LDR will insure that the scale of development is consistent with surrounding land uses; and

WHEREAS, all legal prerequisites to the approval of this request have occurred.

NOW, THEREFORE, BE IT FOUND, DETERMINED AND RESOLVED by the Planning Commission of the City of Lodi as follows:

2. It is found that the Planning Commission has reviewed and considered the information contained in Negative Declaration ND-02-11. Further, the Commission recommends that the City Council certify the Negative Declaration as adequate environmental documentation for the project.
3. It is found that the parcels to be re-designated are the parcels located at 13669 North Cherokee Lane; 4071, 4145 and 4219 East Harney Lane; and 1443 East Harney Lane (062-290-14, 17, 37, 38 & 058-230-17).
4. It is found that the requested General Plan Land Use Amendments from PR, Planned Residential to MDR, Medium Density Residential & LDR, Low Density Residential provides for the orderly development of the City and will serve sound Planning practice.
5. It is hereby found that the project sites are physically suitable for their proposed types of development.
6. It is hereby found that the projects will have a less than significant impact on Prime Farmland as defined by the Land Evaluation and Site Assessment system of the California State Department of Conservation.
7. The Planning Commission of the City of Lodi hereby recommends approval of General Plan Land Use Amendment 02-06 to the City Council of the City of Lodi.
8. No variance from any City of Lodi adopted code, policy or specification is granted or implied by the approval of this resolution.

Dated: April 9, 2003.

I hereby certify that Resolution No. 03-06 was passed and adopted by the Planning Commission of the City of Lodi at a regular meeting held on April 9, 2003, by the following vote:

AYES: Commissioners: Aguirre, Haugan, Mattheis, and Chairman Heinitz

ORDINANCE NO. _____

AN ORDINANCE OF THE LODI CITY COUNCIL AMENDING THE OFFICIAL DISTRICT MAP OF THE CITY OF LODI AND THEREBY PREZONING THE PARCELS LOCATED AT 13669 NORTH CHEROKEE LANE; 4071, 4145, AND 4219 EAST HARNEY LANE; AND 1443 EAST HARNEY LANE, APN 062-290-14, 17, 37, 38, AND 058-230-17 FROM SAN JOAQUIN COUNTY RL, RESIDENTIAL LOW DENSITY AND AU-20 AGRICULTURE URBAN RESERVE TO R-2, SINGLE FAMILY RESIDENTIAL

=====

BE IT ORDAINED BY THE LODI CITY COUNCIL AS FOLLOWS:

Section 1. The Official District Map of the City of Lodi adopted by Title 17 of the Lodi Municipal Code is hereby amended as follows:

The parcels located at 13669 North Cherokee Lane; 4071, 4145, and 4219 East Harney Lane; and 1443 East Harney Lane, APN 062-290-14, 17, 37, 38, and 058-230-17 is hereby prezoned as follows:

19.44-acres – San Joaquin County RL, Residential Low Density and AU-20, Agricultural Urban Reserve to R-2, Single Family Residential, as shown on the Vicinity Map, on file in the office of the City Clerk.

Section 2. The alterations, changes, and amendments of said Official District Map of the City of Lodi herein set forth have been approved by the City Planning Commission and by the City Council of this City after public hearings held in conformance with provisions of Title 17 of the Lodi Municipal Code and the laws of the State of California applicable thereto.

Section 3 - No Mandatory Duty of Care. This ordinance is not intended to and shall not be construed or given effect in a manner which imposes upon the City, or any officer or employee thereof, a mandatory duty of care towards persons or property within the City or outside of the City so as to provide a basis of civil liability for damages, except as otherwise imposed by law.

Section 4 - Severability. If any provision of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the ordinance which can be given effect without the invalid provision or application. To this end, the provisions of this ordinance are severable. The City Council hereby declares that it would have adopted this ordinance irrespective of the invalidity of any particular portion thereof.

Section 5. All ordinances and parts of ordinances in conflict herewith are repealed insofar as such conflict may exist.

Section 6. This ordinance shall be published one time in the "Lodi News Sentinel," a daily newspaper of general circulation printed and published in the City of Lodi and shall be in force and take effect thirty days from and after its passage and approval.

Approved this ____ day of _____, 2003

SUSAN HITCHCOCK
Mayor

Attest:

SUSAN J. BLACKSTON
City Clerk

State of California
County of San Joaquin, ss.

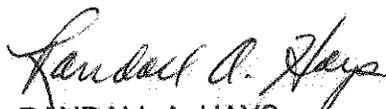

I, Susan J. Blackston, City Clerk of the City of Lodi, do hereby certify that Ordinance No. _____ was introduced at a regular meeting of the City Council of the City of Lodi held May 21, 2003 and was thereafter passed, adopted and ordered to print at a regular meeting of said Council held _____, 2003 by the following vote:

AYES: COUNCIL MEMBERS –
NOES: COUNCIL MEMBERS –
ABSENT: COUNCIL MEMBERS –
ABSTAIN: COUNCIL MEMBERS –

I further certify that Ordinance No. _____ was approved and signed by the Mayor on the date of its passage and the same has been published pursuant to law.

SUSAN J. BLACKSTON
City Clerk

Approved as to Form:

RANDALL A. HAYS
City Attorney

RESOLUTION NO. 2003-89

A RESOLUTION OF THE LODI CITY COUNCIL AMENDING THE LAND USE ELEMENT OF THE LODI GENERAL PLAN BY REDESIGNATING THE 19.44 ACRES LOCATED AT 13669 NORTH CHEROKEE LANE; 4071, 4145, AND 4219 EAST HARNEY LANE; AND 1443 EAST HARNEY LANE (APN 062-290-14, 17, 37, AND 38 AND APN 058-230-17) FROM PR, PLANNED RESIDENTIAL TO MDR, MEDIUM DENSITY RESIDENTIAL AND LDR, LOW DENSITY RESIDENTIAL

BE IT RESOLVED by the City Council of the City of Lodi that the Land Use Element of the Lodi General Plan is hereby amended by redesignating 19.44 acres located at 13669 North Cherokee Lane; 4071, 4145, and 4219 East Harney Lane; and 1443 East Harney Lane (APN 062-290-14, 17, 37, and 38 and APN 058-230-17) from PR, Planned Residential to MDR, Medium Density Residential and LDR, Low Density Residential, as shown on Exhibit "A" attached, which is on file in the office of the Lodi City Clerk; and

BE IT FURTHER RESOLVED that a Negative Declaration ND-02-11 has been prepared in compliance with the California Environmental Quality Act of 1970, as amended, and the Guidelines provided thereunder. Further, the Planning Commission has reviewed and considered the information contained in said Negative Declaration with respect to the project identified in its Resolution No. P.C. 03-06.

BE IT FURTHER RESOLVED that the City Council has reviewed all documentation and hereby certifies the Negative Declaration ND-02-11 as adequate environmental documentation for this project located at 13669 North Cherokee Lane; 4071, 4145, and 4219 East Harney Lane; and 1443 East Harney Lane.

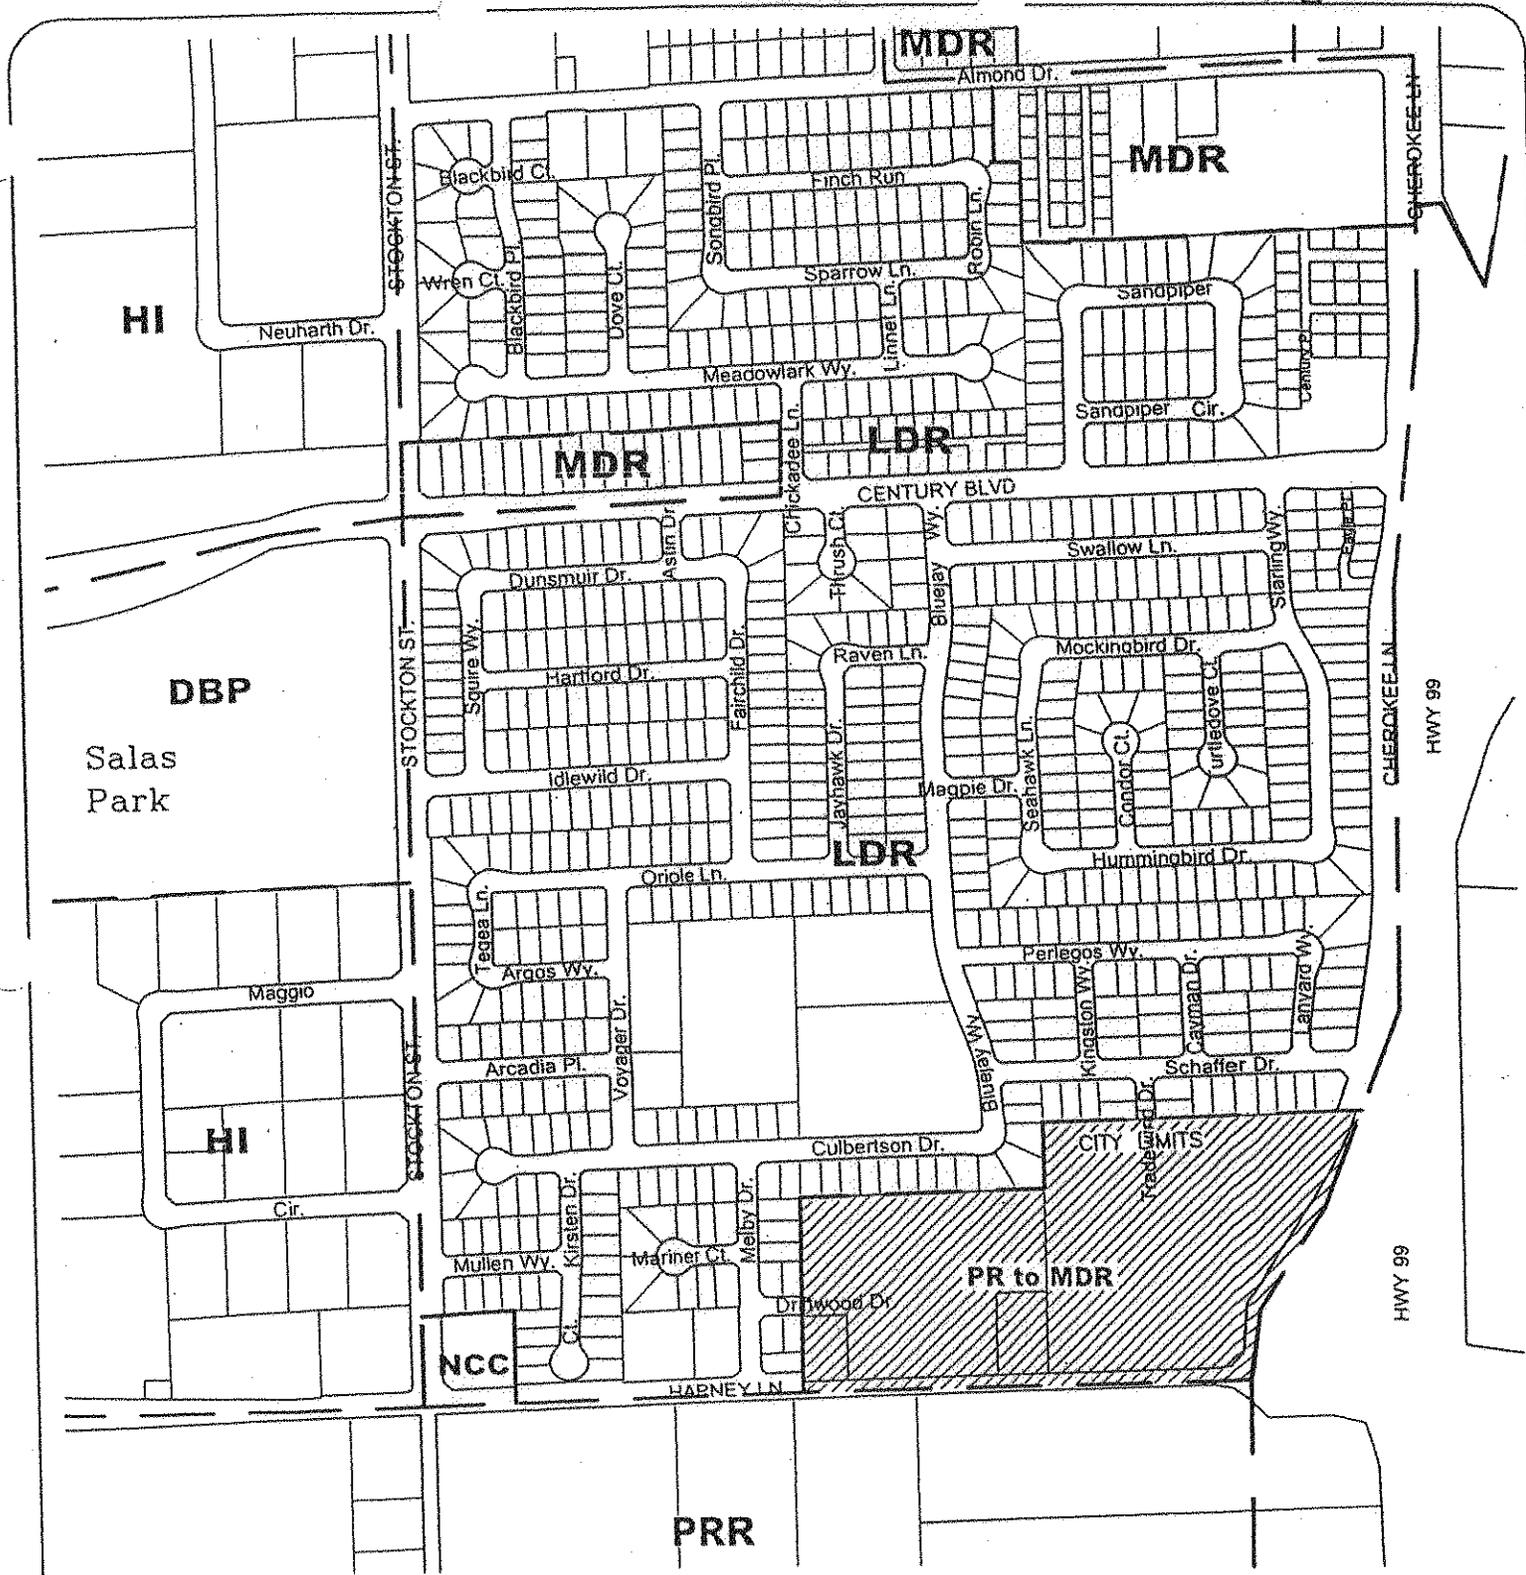

Dated: May 21, 2003

I hereby certify that Resolution No. 2003-89 was passed and adopted by the Lodi City Council in a regular meeting held May 21, 2003 by the following vote:

AYES: COUNCIL MEMBERS – Beckman, Hansen, Howard, and Land
NOES: COUNCIL MEMBERS – None
ABSENT: COUNCIL MEMBERS – Mayor Hitchcock
ABSTAIN: COUNCIL MEMBERS – None

SUSAN J. BLACKSTON

DECLARATION OF POSTING

PLANNING COMMISSION'S RECOMMENDATION OF APPROVAL TO THE CITY COUNCIL FOR THE REQUEST OF GARY E. HANSEN, DON AND NANCY MILLER, AND J. JEFFREY KIRST FOR AN ANNEXATION, GENERAL PLAN AMENDMENT, AND PREZONING AT 13669 NORTH CHEROKEE LANE; 1443, 4145, AND 4219 EAST HARNEY LANE; THE REQUEST ALSO INCLUDES A RECOMMENDATION ENVIRONMENTAL DOCUMENTATION FOR THIS PROJECT

On Thursday, May 8, 2003, in the City of Lodi, San Joaquin County, California, a copy of the notice to set public hearing for May 21, 2003, to consider the Planning Commission's recommendation of approval of the request of Gary E. Hansen, Don and Nancy Miller, and J. Jeffrey Kirst for an Annexation, General Plan Amendment, and Prezoning at 13669 North Cherokee Lane; 1443, 4071, 4145, and 4219 East Harney Lane; the request also includes a recommendation to certify Negative Declaration ND-02-11 as adequate environmental documentation for this project (attached hereto, marked Exhibit "A") was posted at the following four locations:

Lodi Public Library
Lodi City Clerk's Office
Lodi City Hall Lobby
Lodi Carnegie Forum

I declare under penalty of perjury that the foregoing is true and correct.

Executed on May 8, 2003, at Lodi, California.

DECLARATION OF MAILING

PLANNING COMMISSION'S RECOMMENDATION OF APPROVAL TO THE CITY COUNCIL FOR THE REQUEST OF GARY E. HANSEN, DON AND NANCY MILLER, AND J. JEFFREY KIRST FOR AN ANNEXATION, GENERAL PLAN AMENDMENT, AND PREZONING AT 13669 NORTH CHEROKEE LANE; 1443, 4145, AND 4219 EAST HARNEY LANE; THE REQUEST ALSO INCLUDES A RECOMMENDATION ENVIRONMENTAL DOCUMENTATION FOR THIS PROJECT

On May 8, 2003, in the City of Lodi, San Joaquin County, California, I deposited in the United States mail, envelopes with first-class postage prepaid thereon, containing a public hearing notice to consider the Planning Commission's recommendation of approval of the request of Gary E. Hansen, Don and Nancy Miller, and J. Jeffrey Kirst for an Annexation, General Plan Amendment, and Prezoning at 13669 North Cherokee Lane; 1443, 4071, 4145, and 4219 East Harney Lane; the request also includes a recommendation to certify Negative Declaration ND-02-11 as adequate environmental documentation for this project, marked Exhibit "A"; said envelopes were addressed as is more particularly shown on Exhibit "B" attached hereto.

There is a regular daily communication by mail between the City of Lodi, California, and the places to which said envelopes were addressed.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on May 8, 2003, at Lodi, California.

NOTICE OF PUBLIC HEARING

Date: May 21, 2003

Time: 7:00 p.m.

For information regarding this notice please contact:

Susan J. Blackston

City Clerk

Telephone: (209) 333-6702

EXHIBIT A

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that on Wednesday, May 21, 2003, at the hour of 7:00 p.m., or as soon thereafter as the matter may be heard, the City Council will conduct a Public Hearing at the Carnegie Forum, 305 West Pine Street, Lodi, to consider the following matter:

- a) Planning Commission's recommendation of approval of the request of Gary E. Hansen, Don and Nancy Miller, and J. Jeffrey Kirst for an Annexation, General Plan Amendment, and Rezoning at 13669 North Cherokee Lane; 1443, 4071, 4145, and 4219 East Harney Lane; the request also includes a recommendation to certify Negative Declaration ND-02-11 as adequate environmental documentation for this project.

Information regarding this item may be obtained in the office of the Community Development Department, 221 West Pine Street, Lodi, California. All interested persons are invited to present their views and comments on this matter. Written statements may be filed with the City Clerk at any time prior to the hearing scheduled herein, and oral statements may be made at said hearing.

If you challenge the subject matter in court, you may be limited to raising only those issues you or someone else raised at the Public Hearing described in this notice or in written correspondence delivered to the City Clerk, 221 West Pine Street, at or prior to the Public Hearing.

By Order of the Lodi City Council:

Susan J. Blackston
City Clerk

Dated: May 7, 2003

Approved as to form:

Randall A. Hays
City Attorney
