City Manager
City of Lodi

Lodi, CA 95240

Dear Mr. Glaves:

The purpose of this letter is to inform you that it is once again time to begin the annual unmet transit needs process. This process, which is required by State law, is explained in detail in the accompanying packet. Please review these materials, paying particular attention to SECTION II: LOCAL RESPONSIBILITIES. A summary of the responsibilities of the City of Lodi in this process follows below:

1. hold a meeting of the transit system's Productivity Improvement Committee sometime in November. This Committee should discuss the results and recommendations of the latest (1983) Performance Audit (enclosed), where still applicable, as well as any additional productivity improvements thought relevant.
2. advertise and hold one or more public hearings to receive testimony on any unmet transit needs which may exist in the local area.

Last year, the City of Lodi held its Productivity Improvement Committee meeting at 2:30 p.m., November 2. The City held two unmet transit needs public hearings, both on November 16, at 3:00 p.m. and at 8:00 p.m.

I would appreciate hearing from you at your earliest convenience regarding your decision as to the times, dates, and locations of this year's meeting and public hearing(s). A member of my staff will be attending as an observer and to answer any questions.

As always, please feel free to contact me at 944-2233 should you have any questions or comments.

Very truly yours,

PETER D. VERDOORN
Executive Director
