NO.

SUBJECT: SET PUBLIC HEARINGS REGARDING UNMET TRANSIT NEEDS

Pursuant to the State of California Transportation Development Act, it is necessary that the City advertise and hold one or more public hearings to receive testimony on any unmet transit needs which may exist in the local area. In order to have the most public input at these meetings, it is recommended that public hearings be set for the following times and places:

- a) 1:00 p.m., January 15, 1986, Loel Center,
105 S. Washington Street, Lodi
- b) 7:30 p.m., January 15, 1986, at the Regular
Meeting of the Lodi City Council to be held
on that date

The stated purpose of the hearings is to:

"receive testimony identifying or commenting on unmet transit needs that may exist within the jurisdiction of the claimant and that might be reasonable to meet by establishing or contracting for new public transportation or specialized transportation services or by expanding existing services.

Notice of the public hearing shall be published in a newspaper of general circulation at least 10 days in advance of the hearing, and the notice shall specify the transportation planning agency's intent to identify unmet transit needs within the jurisdiction of the claimant.

In addition, the agency should notify those persons and organizations that it knows, through its citizens participation program, who have an interest in the subject of the hearing."

RECOMMENDED ACTION:

That Council, by motion action, set public hearings for January 15, 1986 as set forth above.

Dear Mr. Peterson:

It is once again time to begin the annual unmet transit needs process. The process, which is required by State law, is explained in detail in the accompanying packet. The responsibility of your agency in the process is as follows:

1. Hold a meeting of the transit system's Productivity Improvement Committee in November. The Committee should discuss the results and recommendations of the 1983 Performance Audit (enclosed) as well as any additional productivity improvements thought relevant.
2. Advertise and hold one or more public hearings to receive testimony on any unmet transit needs which may exist in the local area.

I would appreciate hearing from you at your earliest convenience regarding your decision as to the times, dates, and locations of this year's meeting and public hearing. A member of my staff will attend as an observer and to answer questions.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

PETER D. VERDOORN
Executive Director
