

RESOLUTION NO. 2000-138

A RESOLUTION OF THE LODI CITY COUNCIL AUTHORIZING
THE CITY MANAGER TO PROVIDE A PUBLIC BENEFITS
PROGRAM GRANT TO ESTABLISH A PILOT PROGRAM
KNOWN AS THE LODI LAWN MOWER REBATE

=====

WHEREAS, the State has mandated that beginning January 1, 1998, the City of Lodi is obligated to fund various programs through a Public Benefits Charge (PBC) based on a historical electric revenue requirement; and

WHEREAS, the requirement amounts to approximately \$1M per year that must be dedicated to qualifying programs such as energy efficiency. A further stipulation is that these efforts must be done on the customer's side of the meter in order to qualify; and

WHEREAS, in an effort to expose Lodi residents to various energy efficient and environmentally friendly products, a Public Benefits Program Grant in the amount of \$25,000.00 is requested to establish a pilot program known as the Lodi Lawn Mower Rebate. This particular pilot project will promote the use of rechargeable electric mulching lawn mowers. The pilot project will be designed as follows:

- Available only for Lodi Electric Utility customers;
- A total of six (6) rechargeable electric mulching lawn mowers will be purchased and available to Lodi residents on a one-week "loaner/trial basis." The loaner lawn mowers will be delivered to each customer's home for its trial use by Electric Utility staff (staff will also be responsible for picking up the lawn mowers once the one-week trial use is complete);
- If the resident is satisfied with the operation and performance of the designated lawn mower, they would be eligible to receive a voucher in the amount of \$200 towards the purchase of a new, electric rechargeable mulching lawn mower;
- The vouchers for an electric rechargeable mulching lawn mower must be utilized at one of the three (3) participating Lodi vendors (A-1 Saw & Mower, Wright Motors, and Orchard Supply Hardware) within 30 days of the date of the voucher;
- If residents participating in the program currently own a gasoline-powered lawn mower, they must turn in that lawn mower to the vendor they have selected before they purchase an electric rechargeable mulching lawn mower (all three (3) participating vendors have agreed to accept the older, gasoline-powered lawn mowers for proper disposal).

NOW, THEREFORE, BE IT RESOLVED, that the Lodi City Council hereby authorizes the City Manager to provide a Public Benefits Program grant in the amount of \$25,000 to fund the pilot program known as the Lodi Lawn Mower Rebate, specifically designed for Lodi Electric Utility customers.

Dated: August 2, 2000
