

RESOLUTION NO. 2003-168

A RESOLUTION OF THE LODI CITY COUNCIL APPROVING PLANS AND SPECIFICATIONS AND AUTHORIZING ADVERTISEMENT FOR BIDS FOR THE MAIN STREET STORM DRAIN IMPROVEMENT PROJECT (LODI AVENUE TO FLORA STREET); AND FURTHER AUTHORIZING THE CITY MANAGER TO AWARD OR REJECT THE CONTRACT UP TO \$240,000.00 AND APPROPRIATING FUNDS FOR THE PROJECT

WHEREAS, Main Street south of Lodi Avenue is subject to street flooding during the winter storm months, and street flooding frequently occurs at the intersection of Lodi Avenue and Main Street and along the easterly side of Main Street, affecting building access to businesses in this area; and

WHEREAS, the existing storm drain facilities are not adequate to convey runoff flows associated with the City's standard 2-year storm event, and the lack of surface improvements within the project area results in storm runoff not being channelized and directed into the storm drainage system, causing the nuisance flooding and poor roadway drainage performance; and

WHEREAS, this storm drainage improvement project includes the installation of new storm drain facilities and surface improvements designed to accommodate the City's 2-year design storm runoff and to improve the surface drainage within the project limits; and

WHEREAS, the long-term solution for drainage in the entire area is to replace substandard pipes (8-inch) in Main Street and Flora Street, so therefore staff recommends that the City Council approve the plans and specifications and authorize advertisement for bids for the Main Street Storm Drain Improvement Project (Lodi Avenue to Flora Street), authorizes the City Manager to award or reject the contract up to \$240,000.00 and further appropriate funds for this project.

NOW, THEREFORE, BE IT RESOLVED that the Lodi City Council does hereby approve the plans and specifications and authorize advertisement for bids for the Main Street Storm Drain Improvement Project (Lodi Avenue to Flora Street), and authorizes the City Manager to award or reject the contract up to \$240,000.00; and

BE IT FURTHER RESOLVED that funds in the amount of \$240,000.00 be appropriated from the Wastewater Fund for this project.

Dated: September 17, 2003
